PRICE TEN CENTS

MEN SALVAGE SMALL CRAFT along the shores of Lake Michigan, victims of a sudden squall Saturday which caught more than 1500 fishermen in waves as high as 25 feet. Seven persons are known dead and an estimated 150 boats were overturned or washed ashore. (AP Wirephoto)

Authorities Hunt 20 Coho Anglers

FRANKFORT (AP)—Authorities today continued attempts to track down some 20 fishermen still reported overdue after a vicious squall that lashed hundreds of boats and left seven dead over the weekend.

The Coast Guard said that all who fished in the area from Point Betsie to Frankfort Saturday and have since returned home are urged to call the Frankfort police.

"We think this will bring down the county count of overdue fishermen even more," said one Coast Guardman.

The Coast Guard used a helicopter with a loudspeaker and two boats Monday to show fishermen off the lake who went out to catch for Coho salmon despite small craft warnings.

As many as 150 boats were reported in the area around the mouth of the Platte River despite seas up to eight feet nearby.

No boats were reported swamped or capsized, the Coast Guard said.

At sunset, the Coast Guard reported that only 18 boats were in the sheltered bay, and that the waters were calm and the boats were staying near shore.

"Obviously, they're smarting up a little bit. None attempted to come around the point," said Lt. Warren Baker of the Traverse City Coast Guard Air Rescue Station.

Baker said the Coast Guard still had 20 persons reported overdue from the storm. Seven bodies have been recovered so far.

Baker said he could not say whether the fishermen reported overdue were actually missing.

History Society Elects R. Frank

PETOSKEY (AP)—Richard C. Frank, a Lansing architect, has been elected president of the Historical Society of Michigan. Other officers elected for one-year terms are: vice president, Maurice Cole, a Ferndale attorney, and secretary, treasurer, Philip Mason, of the Wayne State University archives department.

Weather

ESCANABA AND VICINITY—Cloudy, windy and turning cooler today with showers or thunderstorms likely, high 65. Mostly cloudy and much cooler tonight with chance of scattered brief showers, low 40. High yesterday, 67 and low overnight, 58. Wednesday mostly cloudy and cool with possible scattered brief showers. Northwestern winds (15 to 28 mph) today, diminishing tonight. Thursday outlook: partly cloudy and continued cool. Precipitation probabilities: today, 60%; tonight, 40%; Wednesday, 30%.

Invasion Route Battle Reaches New High Point

SAIGON (AP)—Embattled U.S. Marines at the strategic northern outpost of Con Thien today took the brunt of the heaviest sustained Communist firepower in Vietnam since the French defeat at Dien Bien Phu. The Marines hurled back 10 shells for each one fired at them.

More than 1,000 shells fell Monday on Con Thien, a scarred fortress 2½ miles south of the demilitarized zone and the key to the Marine defenses astride Communist invasion routes to the south. The Marines reported two dead and 202 wounded, and said they believe enemy losses are running high.

Sixty-three Americans have been killed around Con Thien in the three weeks since the Reds started a battle of attrition whose eventual goal, some observers say, may be control of South Vietnam's important northern tier provinces. U.S. sources say there may be as many as 35,000 North Vietnamese massed in and above the DMZ.

Red Fire Continues

U.S. bombers and jets rained 600,000 pounds of explosives on enemy gunnits but the North Vietnamese fire continued.

It was their loss at Dien Bien Phu that convinced the French in 1954 to get out of Indochina.

The Red gunners raked other American installations in the battle area, including the Navy patrol boat base at Cua Viet. When the shelling started, the fleet of swift boats sped out to sea and called upon the nearby destroyer Morton to open up on the Red shore batteries.

Destroyer Hit

Further north, the destroyer Mansfield was hit by enemy shore guns. One sailor was killed and two more wounded.

The Mansfield was shelling coastal barges near Dong Hoi when Red batteries opened up. One shell ripped a four-foot hole in the base of her forward stack and shrapnel flew through the fire room and passageways. The Mansfield shifted her fire to the shore guns and silenced them while dodging an estimated 47 shells that splashed into the water around her.

Road Highway

A few strikes went into the well-defended heartland. The most significant was a Navy raid on the highway and rail bridge a mile from the mining port of Cam Pha, the third biggest in North Vietnam and the port from which the Hanoi regime exports coal to pay for some arms purchases.

Although there were scattered skirmishes up and down Vietnam, the main ground action was at Con Thien, the sand-bagged fortress 520 feet above sea level, atop a rolling hill of red clay. It commands the coastal plain below the demilitarized zone.

Steal Truck Too

SHARON, Pa. (AP)—Burglars who stole appliances valued at \$8,000 from a furniture warehouse Monday had a heavy load, but they found a quick solution. They stole Bolotin Furniture Co.'s truck, too.

Pope Paul Is 70 Today, Plans Bishops' Synod

VATICAN CITY (AP)—Pope Paul VI turned 70 today and, despite doctors' advice that he rest, insisted on doing some work in preparation for the opening Friday of an historic bishops synod.

There were no special ceremonies planned but yellow and white papal flags went up around Vatican City and telegrams and telephone greetings poured in from well-wishers. The Vatican newspaper printed a 12-page special birthday edition.

Today's Chuckle

Some cars now are sold with a five-year guarantee. That's longer than any you can get on the average pedestrian.

GOP Attacking War New Truth

WASHINGTON (AP)—Republican critics launched fresh charges today that President Johnson is not telling the American people the truth about the Vietnam war.

Sen. Clifford P. Case, R-N.J., said Johnson appeared to be "indulging the proponents of a military solution in Vietnam for political reasons" by ordering air attacks on North Vietnam ports after Secretary of Defense Robert S. McNamara said this would not be an effective means of stopping the infiltration of supplies into the South.

Sen. Charles H. Percy, R-Ill., said the public isn't being told by the administration of the danger that bombing near Red China will bring that country into the war. He repeated previous charges that the President has been "constantly wrong" about "where we stand, what we can accomplish and what the war will cost."

Case voiced his views in a prepared Senate speech, Percy in an interview.

Case, a Senate Foreign Relations Committee member who has urged that the bombing be limited to vital military targets, said the administration's handling of the war has produced "a crisis of confidence."

"The people's anxiety, and that of Congress too, springs perhaps in greatest part from a growing conviction that the administration is not telling them the truth," he said.

"The administration's continuing assurances of progress in Vietnam simply do not square with the cold fact that toward our basic objective—that of creating an independent self-governing society supported by its citizens—there has been no significant progress at all."

Percy said the reaction to a series of weekend speeches in which he attacked what he called "the great problem of credibility" on the part of the administration convinced him the public is deeply concerned by this issue.

Gunfire Ends Divorce Hearing:

Hubby Held In Deaths Of Wife And Lawyer

RAPID CITY, S.D. (AP)—A routine divorce proceeding ended in a blaze of gunfire Monday leaving the wife in the case and her attorney dead and the judge wounded. The husband was held without charge today.

Attendants at the Pennington County courthouse said the shooting broke out after Ray Bivins, a tourist attraction owner in his late 60s, was told by the judge that he would have to pay his wife more than \$3,000 in alimony.

Dead are Mrs. Bivins, 48, a plump, reddish-blond of 53, and her lawyer, William Brady, 39, a father of four.

Circuit Judge Thomas Parker, 48, a nephew of the late Los Angeles Police Chief William Parker, was hospitalized in satisfactory condition with a wound in the thigh.

Attendants said Parker had set the alimony when Bivins, a six-footer weighing over 200 pounds, advanced to the bench and said, "You've had your say, now I'm going to have mine."

He pulled a snub-nosed revolver and, according to court reporter Mrs. Frances Geyerman, announced: "I'm going to kill every s.o.b. in this courtroom."

Brady told Bivins to put the gun away, witnesses said. "I got up and stood beside Brady," recalled states Atty. R. J. Brennan, 39, who was representing Bivins. "Bivins stepped to within two feet of Bill and pulled the trigger."

"I just couldn't believe it. I didn't see any blood and I thought it was a blank. Then Bill started to lean toward me and fell to the floor. I immediately dropped to the floor to see if I could help him."

Women Flee

Then Mrs. Bivins was shot. "When I stood up again," said the slim, greying Brennan, "Bivins had the gun pointed in my direction. As I dropped to the floor he fired again. I rolled under the table."

Two women attendants fled the high-ceilinged old courtroom. A bullet smashing into the wall splattered one of them with plaster.

The judge, a bespectacled, stocky man, threw his heavy leather swivel chair over the bench at Bivins.

Wounds Judge

Brennan, an ex-paratrooper who was a World War II prisoner in Europe, arose again to see Bivins and the judge grappling. Another shot wounded Parker.

"Tom had Bivins from behind and was holding his right arm," said Brennan. "I reached in and grabbed that arm too, and wrenched the gun from Bivins' hand."

"Tom asked me if I could hold him while he went for help and I said I could. We rolled around on the floor behind the bench and I attempted to keep Bivins under control."

Deputies Mel Larson and George Tennyson, summoned from the sheriff's office four floors below, burst into the courtroom and helped overcome Bivins, who also was armed with an eight-inch hunting knife.

Romney Declares For President In October

MICHIGAN GOV. George Romney, talks with Lou Smith (left), president of Operation Bootstrap during a tour of the Watts section of Los Angeles. A few minutes earlier Smith and the Republican governor had a spirited exchange when Smith asked him what he would do for Negroes if he is elected president. (AP Wirephoto)

Governor Plans To See Reds On Visit In Europe

DETROIT (AP)—Michigan Gov. George Romney, troubled by his lack of stature in foreign lands, will announce formally next month that he is a candidate for the 1968 Republican presidential nomination.

The Associated Press has learned that Romney will throw his hat in the national political ring shortly after returning to Michigan at the end of his current tour through ghetto areas of urban America.

Since Romney will be back Sept. 30, the announcement could come as early as next week.

About six weeks after his return, the governor will embark on a tour of Europe, including at least two Iron Curtain countries — Poland and the Soviet Union.

Sources close to Romney said they have encountered unexpected delays, red tape and a general lack of cooperation from U.S. embassies in a number of cases of attempting to set up appointments for the governor in several European capitals. They gave no specific examples.

But if Romney were to travel as a full-fledged formal candidate for the presidency—rather than just a governor from one of 50 states—his stature would be enhanced immeasurably in protocol-conscious European capitals.

Will Open Doors

Heads of state and other top-ranking diplomats would be more inclined to open their doors to a man who might step into the No. 1 job in the world's most powerful nation.

Romney's planned 15-day itinerary, it was learned, will take him to Rome, Paris, London, Brussels, Frankfurt, Berlin, Cologne, Bonn, Moscow and Warsaw. He will leave New York Nov. 16, and return to Detroit Dec. 2.

The itinerary as now drawn up is subject to modification if changes are needed to enable Romney to meet foreign officials on certain days.

Romney has been trying to arrange for national television time which he would use to declare himself a candidate for the GOP nomination.

Seek TV Time

In San Francisco last week, the governor told newsmen that his supporters have been exploring the possibility of obtaining some prime TV time for him to report on his current tour of cities.

But he also added that his planned 20-minute "Report to the People" would not necessarily be confined solely to the urban trip.

Recent public opinion polls have indicated that Romney has slipped in rankings as a potential presidential candidate, mainly because of his charge that he was "brainwashed" by U.S. military and diplomatic officials during a 1965 visit to Vietnam.

The Romney comment was used to explain why he had changed his mind since then and now believes it was a mistake for America to get involved in the conflict.

Covered By Mail

Romney advisers say the governor may have erred in his choice of words, but have been cheered by the mild response they contend is running heavily in favor of his current Vietnam views.

The governor's coast-to-coast tour of urban ghettos has taken him from Harlem in New York to riot-scarred Watts in Los Angeles. He has eaten watermelon with former black nationalists and hippies, defended his Mormon religion against charges that it is racist and argued toe-to-toe with Negro and Spanish-American militants.

The Romney camp believes he is chalking up points in his unannounced bid for the GOP nomination. But they hope that by making the formal announcement before taking off for Europe, Romney will gain stature and early momentum to his drive that will lead to the nomination.

Tijuana Children Hit By Poison; Ten Dead

TIJUANA, Mexico (AP)—Ten children are dead in an apparent outbreak of poisoning in this Mexican border town, 15 miles from San Diego, Calif.

Mexican state police rounded up about 20 dairy operators, cheese salesmen, store owners and other persons Monday as parents from the city's poorest districts continued to stream to hospitals with their blanket-wrapped, retching children.

Dep. Dist. Atty. Hector Valdivia said milk was found in the children's stomachs when pumped. But he added that milk is pasteurized in Tijuana and couldn't definitely be blamed until samples were chemically analyzed.

Valdivia said 10 children have

been confirmed as dead, but Tijuana police said as many as 20 could die eventually. The dead ranged in age from three months to 10 years.

More May Die

Scores of children crammed the wards of the city's hospitals, some two to a bed. One hospital reported three dead and more than 60 ill. Doctors worked feverishly to save the ailing children, but said several of them would not survive.

Physicians used universal antidotes and antibiotics to treat the poisoning, after pumping out the stomach of each child. They said milk was found in the stomach of every child treated.

Dr. Jorge Salas Cepeda said six adults were suffering from the same symptoms as the children.

dren. He said the victims suffer from vomiting, diarrhea and general weakness.

Hospital Swamped

Pedro Luna Sanchez, standing outside the crowded Red Cross hospital, said his 10-year-old son developed the symptoms within a half hour after he had a breakfast of bread and milk.

Luna Sanchez, a day laborer and the father of 11, said "it seemed strange. Three other children who had milk from the same bottle did not become sick."

The first case of poisoning was reported early Monday at the Red Cross hospital. The number of cases increased rapidly until all three of Tijuana's hospitals and several clinics were swamped with sick children and worried parents.

Roundup Nets \$70,000 For Crippled Kids

ABILENE, Tex. (AP)—More than 350 head of cattle, and one goat which brought a cumulative \$1,620, were sold for \$47,585.05 Monday in the seventh cattlemen's roundup for crippled children.

The Texas stockmen chipped in another \$23,000 to bring to \$70,585.05 the total of the roundup. The money goes to the nonprofit West Texas Rehabilitation Center.

Prize cattle went on the block. But the most surprising sale was a nanny goat.

She was sold and resold 31 times. The last buyer, Charles Morris of Abilene, donated the goat to be sold again in an Oct. 2 sale.

Sermon At Folk Mass Is Moving Plea For Peace

SEATTLE (AP)—While leaders of the Episcopal Church debate transcending problems at their general convention here, others are showing off new trends in church worship.

One of the latest is a folk Mass composed and played on a guitar by the Rev. Ian Mitchell of White Plains, N.Y. He also delivered the sermon Monday to about 75 priests, nuns—both Catholic and Episcopal—some hippies and others.

Father Mitchell, speaking in hippie jargon that at times drew laughs from the congregation, put on a powerful plea for peace, for love of Christ and for fellow man. He told of the miracles described in the New Testament and declared: "You gotta accept the whole bag or forget it all."

"Man, like that's a love come-on you can't forget!" said one of the hippies.

Thousands Flee Texas Cities As Flood Continues

HARLINGEN, Tex. (AP)—Rampaging Rio Grande floodwaters pounded relentlessly through this lower valley city today, with at least 200 homes inundated by the wild waters unleashed by deluges from Hurricane Beulah.

Damage estimates mounted past the \$1 billion estimated by state and federal officials after Beulah struck the Texas-Mexico Gulf coast a few miles southeast of Harlingen.

Harlingen residents, among them owners of some of the city's most expensive homes, fled before the flood's fury. They joined thousands of homeless by Beulah's 100-mile-an-hour winds, giant tides and massive rains.

The death toll from Beulah and tornadoes spawned by the hurricane-created turbulence stood at 44, including 11 in Texas and 33 elsewhere in the big storm's wake from the Windward Islands through Mexico's Yucatan Peninsula.

The Red Cross said it was sheltering more than 25,000 persons in 17 cities, not counting 4,500 Mexicans who sought emergency shelter in private U.S. homes. The Mexican government counted 100,000 homeless on its side of the Rio Grande from Camargo 100 miles downstream to Matamoros, near the river's mouth.

The flooding became serious Sunday night after a diversion dam on the Arroyo Colorado broke, sending tons of water down that wide diversion channel. Conditions worsened Monday when another floodway di-

version structure broke at Madero, further upstream.

An International Boundary and Water Commission spokesman said late Monday night the situation would get no better during the next two days.

Volunteers labored through the night salvaging lives along the Arroyo Colorado, used as a diversionary channel in the multimillion-dollar Rio Grande floodway.

National Guard troops stood by ready to move patients from the Texas Tuberculosis Hospital, 300 yards from the Arroyo where the water was rising about one inch per hour.

Evacuations continued into the morning as hurriedly stacked bags of sand held back the water elsewhere. At one Harlingen street, the level was two feet up the side of a 12-foot dike.

The flood, rising steadily, at midnight reached 42.65 feet. At 1 a.m., the reading was 42.40 feet, but boundary commission officials said the rate of climb was slowing.

Large trucks loaded with furniture continued to make trips out of the flooded area, splashing for blocks to reach dry streets. Water stood rooftop high in a neighborhood of \$20,000 to \$50,000 homes. Many residents had to leave quickly, fleeing with only the clothes they wore.

Joe Tucker, boundary commission engineer, said there was only a glimmer of hope that the river would drop anytime soon. The Rio Grande, swollen to five miles wide in places, was decreasing in depth north of Harlingen.

Harvest Of Song Coming Saturday

The 20th annual Harvest of Harmony will be presented in Escanaba on Saturday evening at the William Oliver Memorial Auditorium in the Junior High School, with some of the outstanding barbershop groups in the region participating.

Curtain time for the Autumn entertainment highlight is 8 o'clock.

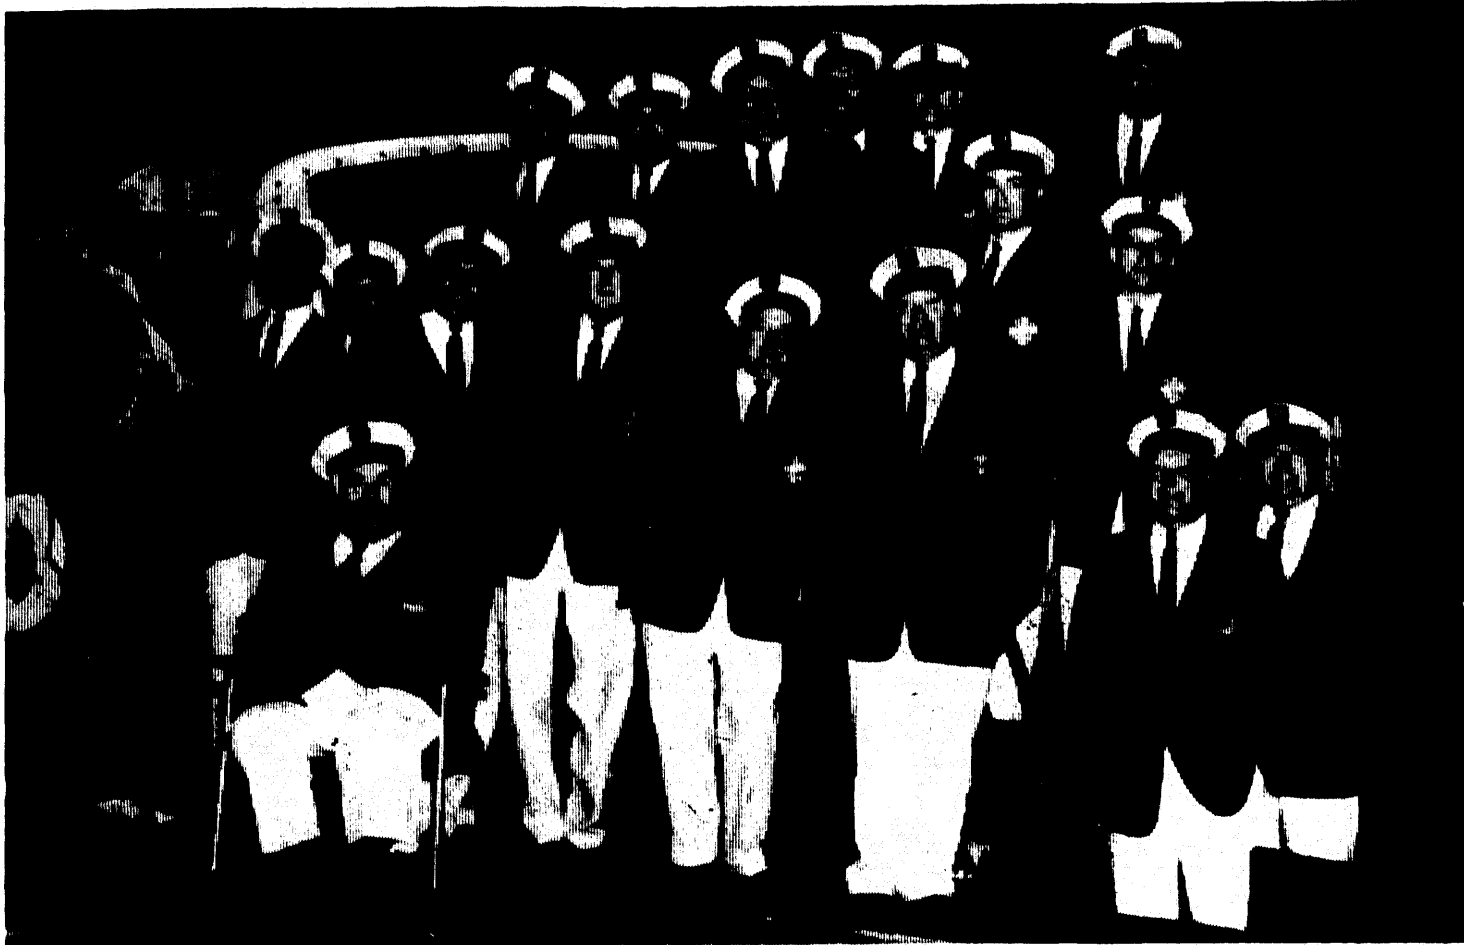

Show Chairman Larry Curran of the host organization, the Escanaba Chapter of the Society for the Preservation and Encouragement of Barber Shop Singing in America, said the program will combine quartets, chorus, and soloists in a variety show in keeping with the observance of the 20th anniversary.

Chairmen of the Harvest of Harmony committees are: Will Lindblad, tickets; Lowell Sundstrom, afterglow; John Decker, hospitality; Ed McCarthy, souvenir program; Mike O'Donnell, stage; Ed O'Leary, house; and Dick Schmeltzer, publicity.

Outstanding quartets such as the Four Nubbins of Spencer, Iowa, The Captivators of Appleton, the Butterchords of Barron, Wis., and the River City Four of Escanaba will appear on the program.

Other plus features of the program will include the appearance of the Bay de Noc Chorus, and organ music before the show and at intermission by William Van Effen Jr.

The River City Four of Escanaba will sing songs from "The Music Man." Yarry Curran is the lead, Brian Wood, baritone, Don Hirn, bass, and Dick Schmeltzer, tenor.

THE BAY DE NOC CHORUS is one of the several popular groups to appear on the 20th Harvest of Harmony program to be presented in Escanaba at the William Oliver Auditorium in the Junior High School Saturday evening, Sept. 30.

30. Curtain time is 8 p. m. The Chorus is pictured in its sea-going outfit and appropriately enough at the Yacht Harbor on Little Bay de Noc. (Daily Press Photo)

Club Sponsors Weekend Ride

A ride along the Bay de Noc - Grand Island Trail through the Hiawatha National Forest was taken by 31 riders over the weekend, under the sponsorship of the Silver Spur Saddle Club of Delta County.

The trail is one that has been developed by the U. S. Forest Service and is growing in popularity for riders, hikers, and in wintertime for snowmobile owners. It leads from the Whitefish Hill near Rapid River north to Munising on Lake Superior.

The riders left the Whitefish Hill at 10 a. m. Saturday, lunched at Pole Creek, and camped overnight at Rudolph Zadnick's, returning to the Whitefish on Sunday. The trail they followed was once the route of Indians and early settlers between settlements on Lake Michigan and Lake Superior.

Among the riders were men and women from Negaunee, Marquette, Chatham, Iron Mountain, Iron River and Delta County. Some were 4-H Club members.

The Silver Spur Saddle Club was organized about eight years ago. Napoleon Sharkey of Perkins is its president. Other officers are John Winkler, Danforth, vice president; Miss Bernice Rossow, Days River, treasurer; and Miss Alice Dubord, Escanaba, secretary.

In their ride along the trail the group is organized and prepared for any emergency—from the need for first aid to replacing a shoe on one of the horses. The rider in the lead, and the "sweep" rider bringing up the rear keep in contact with walkie-talkie, assuring that all riders are present and accounted for.

Friends and families of some of the riders, traveling by car, joined the group for the overnight camp, bonfire and songs.

Powers-Spalding Area Students Attend College

Graduates of the class of 1966 of Powers-Spalding High School now attending schools of higher learning include:

Bay de Noc Community College: Greg Christensen, son of Mr. and Mrs. Harley Christensen; Eugene Folek, son of Mr. and Mrs. Henry Folek; Anna Mariseck, daughter of Mr. and Mrs. Charles Mariseck; Wilson; Paula Murray, daughter of Mr. and Mrs. John Murray; Perronville; Terry Murray, son of Mr. and Mrs. Abel Murray; Perronville; Sharran Nelson, daughter of Mr. and Mrs. LeRoy Nelson; James Pietsch, son of Mr. and Mrs. Leo Pietsch of Powers.

St. Joseph's School of Nursing, Hancock: Chris Marcantonio, daughter of Mr. and Mrs. Gene Marcantonio; Powers; Jane Shesky, daughter of Mr. and Mrs. Zigmone Shesky of Spalding.

Northern Michigan University, Marquette: Kathy Murray, daughter of Mr. and Mrs. Girard Murray of Hermansville.

Houghton Tech: Thomas Pipkorn, son of Mr. and Mrs. Norman Pipkorn of Powers.

Three graduates have attended and completed courses in IBM school in Milwaukee: Mary Behrend, daughter of Mr. and Mrs. Melvin Behrend of Powers; Marilyn and Marlene St. John, daughters of Mr. and Mrs. Earl St. John Sr., of Spalding.

Coollest August For 17 Years

August was the coolest in Escanaba since 1950. The 39 degree minimum readings on Monday and Tuesday, Aug. 21-22 established new records for those dates in the century that weather records have been kept in Escanaba.

The previous record for Aug. 21 was 41 degrees set in 1907 and the previous low for the 2nd was 40 degrees set in 1890.

On Aug. 11th the minimum temperature equalled the record low for the date established in 1889.

In the entire month of August the temperature climbed to 80 degrees or higher on only four days.

The average monthly temperature was 61.7 degrees, which was 3.9 degrees below normal. The highest was 84 degrees on the 17th.

Precipitation for the month totaled 2.53 degrees, which was 0.58 inch below normal.

ASC Vote

Agricultural Stabilization and Conservation county conventions will be held Sept. 28, in Alger and Marquette counties. Alger ASC delegates will meet in the ASCS County Office in Chatham at 10 a. m. Thursday, Sept. 28. Marquette ASC delegates will meet at 2 p. m. at the Court House in Marquette on Sept. 28.

Better Speaking Course Offered By Toastmasters

The Bay de Noc Toastmasters Club met at Marco's last night at 6:30 with invocation by James Wren.

Table Topics were directed by Club President Art Brien and dealt with "Speechcraft", a public speaking school sponsored by Toastmasters to instruct interested persons in the art of public speaking. After the course, the participants are encouraged to join the club to gain additional experience and practice in better thinking, better listening and better speaking.

Toastmaster for the evening was John Stoll and the speakers were Ray Chase, Dick Powell and Master Evaluator was Rev. Beckingham assisted by Walt Peterson, William L. Miller, John Laine and Harland Lippold. Timer was Tom McDermott.

The next meeting will be a ladies night program Oct. 9. Newly appointed Area Governor John W. Kelly, Manistique, will install the new officers for the year.

PUREST IRON

The purest iron is found in the metallic bodies called meteorites which sometimes fall to earth from outer space. The iron ore in the earth contains many impurities.

State's Humane Laws Regulate Experimenters

LANSING (AP)—All persons and corporations using animals for experiments are bound by state humane-treatment laws and are subject to regulation by the State Health Department, Atty. Gen. Frank Kelley said Monday.

Kelley was asked by State Health Director Albert Heustis whether the department's regulatory authority over experimental animals extended to schools below the college and university level.

"You are authorized and required to enforce the provisions of that law as to animals kept or used for the statutory purposes (experimentation) by any person or entity in Michigan, including schools below college or university level," Kelley wrote Heustis.

1968 Car Prices May Jump Again

DETROIT (AP)—If you buy a 1968 model car from one of the four major domestic producers you pay between \$89 and \$114 more, on the average, than you would have for a 1967 model—at least for a while.

General Motors Corp., Ford Motor Co., Chrysler and American Motors have all announced price hikes for 1968 but have said there may be bigger increases depending on the contract settlements with the United Auto Workers.

Chrysler Monday rolled back its 1968 prices announced earlier, and American Motors published its new price list.

Here's how they stand now.

General Motors says its new cars will cost an average of \$110 or 3.6 per cent more than its 1967s.

Ford says its new cars will cost an average of \$114 or 3.9 per cent more than its 1967s.

Chrysler says its new models will cost an average of \$101 or 3.5 per cent more than its 1967s.

American Motors says its new cars will cost an average of \$89 or 3.8 per cent more than its 1967s.

Chrysler was the first producer to announce its 1968 prices, which the firm figured averaged \$133 or 4.6 per cent more than last year's models.

Parents Club Of Holy Name Holds Session

The Parents Club of Holy Name High School met Thursday evening, Sept. 21, in the multipurpose room with 325 persons in attendance. President Paul Snyder introduced the new officers.

Superintendent Fr. Lawrence Gauthier thanked the Parents Club for purchasing office equipment for the business department.

Brother Christopher reported on the Drama Club production which will be held Nov. 4-5-6. Brother Marc introduced the teaching staff of the Boys' department and Sister Christine introduced the teaching staff of the Girls department.

Membership cards will be available from Mr. and Mrs. Francis Cannon. After the business meeting the parents followed their child's scheduled classes for sessions to meet the teachers. Refreshments were served by All Saints Parish, Giadstone with Mrs. Francis Cannon, chairman.

VFW District Rally Attended By Local Group

A district rally of the Veterans of Foreign Wars was held at Rudyard on Saturday, with District Chaplain Gilbert Berwin of Manistique conducting memorial services for the VFW dead.

The banquet was held on Sunday with Paul Dragas, 14th District commander, presiding. District President Mary Johnson conducted the business meeting. State Department President Ruby Brown talked on Americanism and Patriotism.

Delegates attending from Escanaba were Commander Pat Briere, Auxiliary President Lorraine Briere, District Senior Vice Commander C. C. Newell, Mr. and Mrs. Wilfred Doucette, Jean Yanitsky, Ethel Skoglund, Pearl Dupont, Evelyn Ducheny and Betty Anzalone.

TV Servicemen Are Invited To Service School

A school for Admiral color television dealers and independent color and transistorized TV repairmen will be held at the J&R Radio & TV, Inc., 803 Ludington St. from 6 to 10 p. m. Thursday.

Henry Scott of Chicago Admiral field engineer will instruct the service school for Upper Peninsula and northwestern Wisconsin TV maintenance workers. The school will use 1968 color TV sets in demonstrations.

CLOSED For The Season

We would like to thank everyone for their patronage this past season.

See you again next spring.

Thank you.

Iron County Hopes For Stambaugh Job School

By JEAN WORTH

Iron County's effort to provide its young people with schooling for jobs was told to the Michigan Advisory Task Force of the Upper Great Lakes Regional Commission meeting at Ishpeming.

Carl Nieminen, superintendent of public schools on the west side of Iron County made a presentation recommending the area's project to help its young people prepare for work careers as worthy of inclusion in the Upper Great Lakes program of the development commission. It is composed of the governors of Michigan, Wisconsin and Minnesota and the federal chairman, Thomas Francis of Washington.

"In July we consolidated the West Iron school districts into the fourth largest school district in the Upper Peninsula," said Nieminen. "The area is one of declining economy. There were 7 or 8 mines operating and now there are only two. We have heavy outmigration and 60 per cent of our high school graduates are totally unprepared for the world of work. Those who are not college-bound go to the Milwaukee, Chicago or Detroit job markets with no training for work."

More Job Training
"We hope that a result of consolidation will be more vocational training. Upper Peninsula schooling is woefully inadequate for the non college-bound student and we hope to train ours." Hanna Mining Co., has given us a Stambaugh building of high quality which it constructed in 1956 and abandoned after four years operation and we have passed a two mills levy for two years to raise \$150,000 to equip the building for vocational training."

Carl Nieminen

school and to do some renovating. The building served the Cannon mine.

"At the same time we raised our operating millage from 15.5 to 18 mills for three years, plus 7 mills allocated. This is a high and sizeable figure and about saturation, and yet our students graduate unprepared for work."

"We have exported some of the best talent in the Upper Peninsula for 20 years or so. If we are going to have a trained reserve of manpower so that industry will have a reason for coming to the area and if we're to reduce out-migration we must have serious job training programs."

"Stagings" New Nieminen said that the Upper Peninsula's present job training programs are stagings, not intended for the long term an-

wer to the area's vocational education need. We will be among several state and municipal officials expected to testify Wednesday before a special Senate Crime Study Committee in Lansing.

The committee chairman, Sen. James Fleming, R-Jackson, said the committee primarily is concerned with crime as a whole in the state, but added that some testimony will deal with criminal aspects of recent riots in Michigan.

The hearing is scheduled to start at 9:30 a.m. in the Supreme Court chambers at the Capitol Building. In addition to Kelley, the committee is scheduled to hear testimony from John B. Martin, director of the Michigan Crime Commission; Vincent Piersante, head of the attorney general's organized crime division; Ingham County Prosecutor Donald Reisig, Genesee County Prosecutor Robert Leonard and several others.

Named Assistants
DETROIT (AP)—Wilma Ray and Don Holtrop, former Michigan Civil Rights Commission regional office directors in Pontiac and Lansing, respectively, have been appointed assistant directors of the commission's community services division.

Need No License For Curio Pistols

LANSING (AP)—Reproduction of ancient flintlock and percussion cap pistols which are not made for modern ammunition may be purchased without a firearms license, Atty. Gen. Frank Kelley ruled today. The state law requiring registration and licensing of pistols does not apply to "relics, curios, or antiques not made for modern ammunition or permanently deactivated," Kelley noted.

He said a newly made replica of an antique pistol is a curio within the meaning of the law, and need not be licensed if it is incapable of firing modern bullets.

Kalamazoo County Prosecutor Donald A. Burge requested the opinion, saying a number of the pistols are being offered for sale in his county.

Crime Panel Hears Kelley

LANSING (AP)—Atty. Gen. Frank Kelley will be among several state and municipal officials expected to testify Wednesday before a special Senate Crime Study Committee in Lansing.

The committee chairman, Sen. James Fleming, R-Jackson, said the committee primarily is concerned with crime as a whole in the state, but added that some testimony will deal with criminal aspects of recent riots in Michigan.

The hearing is scheduled to start at 9:30 a.m. in the Supreme Court chambers at the Capitol Building. In addition to Kelley, the committee is scheduled to hear testimony from John B. Martin, director of the Michigan Crime Commission; Vincent Piersante, head of the attorney general's organized crime division; Ingham County Prosecutor Donald Reisig, Genesee County Prosecutor Robert Leonard and several others.

Sheep Rancher Heads State's Fair Authority

DETROIT (AP)—The Michigan State Fair Authority re-elected Delmont C. Chapman, a sheep rancher from South Rockford, as chairman here.

Alfred R. Glancy of Grosse Pointe was chosen first vice president and Mitchell I. Kafarski of Birmingham named treasurer to succeed Glancy in that post.

Ruth Consterdine of Sandky was re-elected second vice president and Mrs. Allen Stroom of Birmingham secretary. Charles Fighy of Morenci was continued in the post of chairman emeritus.

Sawyer Airman Restoring A 'T'

K. I. SAWYER AFB—From hot rodder and custom car builder to vintage and classic car restorer, is the path that S. Sgt. James E. Lyle, a member of the 644th Bombardment Squadron, has taken in his 12-year-old hobby.

Sergeant Lyle and his wife, Suzette, are now restoring a 1924 Model "T" Ford. An advertisement on the bulletin board of a local business establishment led them to William Gustafson, of Ishpeming, who sold them the car, which was completely disassembled.

The search for parts has led him anywhere from a farmer's

barnyard to the middle of an apple orchard. "One person who has helped me beyond description is Dick Lutey, of Marquette, by providing me with parts and leads which have proved invaluable in my search," relates Sergeant Lyle. Lyle continued by saying that he would like to be contacted by anyone who knows about the location of other Model "T" parts.

Since 1955 he has constructed hot rods from a 1931 Model "A" Ford coupe, a 1948 Ford coupe, a 1937 Chevrolet coupe, and a 1950 Oldsmobile. He has also constructed a 1960 Corvette dragster.

While racing he won a third place in the Speed Week Races at Daytona, Fla., driving a Chevrolet powered dragster, and first place in class competi-

tion at the Crippled Children Clinic Races at Birmingham, Ala., in 1959. Lyle collected 30 trophies and merchandise awards in his Corvette in 1962 and 1963.

A native of West Panama Beach, Fla., Lyle graduated from Woodlawn High School, Birmingham, Ala., in 1957. He joined the Air Force in 1959 after two years as a hobby shop proprietor.

SPIRITUAL RENEWAL WEEK

Sept. 27, - Oct. 1st
7:30 P.M.

Lakeside Church Of Christ

2112 23rd Ave. South
You Are Invited To Attend

You can buy a color TV for what it costs to convert from oil heat to gas. Call Hot Line for the facts.

Why swap one kind of heat for another that's no better, just for the sake of change?

Wouldn't you rather spend the cost of conversion for something you really want—a color TV, for instance? Gas heat service hasn't changed at all. But oil heat has gone modern, with **Hot Line**, backed by Standard Oil.

You get 24-hour emergency alert. Sta-Ful automatic Delivery. Instant Credit with your Standard Oil Credit Card. 9-month insured budget terms at no additional cost. All backed by Standard Oil. Call **Hot Line** for the modern oil heat.

Oil heat—the clean, safe heat.

"Our customers are our warmest friends."*

You expect more from Standard and you get it.

Fatal Reminder

When small boating became so popular in the upswing of yachting a few years ago there was a cry of caution to the new boaters who ventured out on the Great Lakes.

A similar warning was sounded when the Michigan Conservation Department invited fishermen to start catching coho salmon in the Great Lakes after the success of the first plantings of the spectacularly rapid growing ocean fish.

The state coupled its invitation to the fishermen with a warning about the dangers of the Great Lakes. They're treacherous, broad waters, subject to quick and violent storms and they have taken the lives of thousands of commercial sailors, so pleasure boaters and sports fishermen should treat them with great respect.

But it happened. A squall caught an estimated almost 2,000 sports fishermen off the Lower Peninsula shore of Lake Michigan near Frankfort last Saturday and took the lives of 7. But they were right out again at the fishing on Monday and Coast Guard helicopters hovered over the flotilla and urged fishermen to return to shore as waves crested at 7 and 8 feet and threatened small craft operators.

The peril seems to come from a mixture of new fishermen and new boatmen and the combination is a bad one, like alcohol and gasoline. There is far too little respect for the anger of Lake Michigan and far too much reliance on the belief that a speedy outboard motor can get a small boat out of trouble in a hurry by running for shelter. Not when the waves are 8 feet tall you don't, unless you have a submarine.

The coho are a very exciting invitation to venture out onto Lake Michigan and Lake Superior, but somewhere along the line our sports fishermen must learn what our commercial fishermen learned a long time ago. If you're venturing out in a dinghy or a small outboard-powered boat you don't go when the lake is angry. Our commercial fishermen venture out in weather that would make a herring seasick, but they are skilled boatmen operating craft that can weather rough seas.

Everyone wants the salmon fishery to be a sports bonanza, but it can't be if it fills the cemeteries instead of the trophy room. The little open boat, the overpowered boat, the boat without a weatherwise skipper or enough life preservers is an invitation to disaster.

The coho are going to lure fishermen out onto the lakes to take big fish, but let's keep that sport from being lethal.

It is a surprising thing that many of our commercial fishermen of past generations couldn't swim. It seemed an invitation to disaster, but actually drownings among fishermen were very rare. They seem to have made a virtue of their lack of ability to swim and didn't put themselves in occasions for swimming. They became superb boatmen, first in sail and later in stink boats and it would be helpful to have them about to manage the fishing when the cohos are moving inshore.

The tragedy near Frankfort is another reason to believe that there is an important role for the charter boat in the Great Lakes' new sports fishery. Sports fishermen who use the charters at Munising and elsewhere know that they stay at the dock when it's too rough to fish safely. It may spoil the fun for a day, but it avoids making widows and spoiling the sport.

Antiriot Programs May Miss The Boat

WASHINGTON (AP) — (NEA) — Though President Johnson has spoken out strongly against racial outbreaks of violence, new studies indicate that his federal government programs to prevent race riots may be missing the mark.

In fact, this new data suggests that some of the major government programs may actually increase Negro unrest and the chances for future Detroit, Watts and Cambridge-type upheavals—however sincere the men may be who operate these programs and however important the programs may be for humanitarian reasons.

Most major federal race riot-prevention programs are based on three major premises:

- That as Negroes rise in socioeconomic status they will become stable moderating influences on the Negro community, help put the lid on riots and work for steady, gradual, peaceful solutions to the problems of Negroes.
- That integration, that is, close association with white people—in school, at work and where they live—will give Negroes the feeling they are making progress for equality and thus make them less inclined to violence.
- That by providing more job and educational opportunities the government will produce a feeling they are achieving their goals by peaceful means.

Unfortunately, the recent studies and interviews by this reporter, seem to show that these very achievements—rising status, integration and greater educational and job opportunities—tend to produce an intense desire for even more opportunities and even greater strides toward equality.

What a recent college study made of those who live in the area of the Watts riots of 1965 seems to point up is that as the Negro moves up in society and attains more opportunities, and

his eyes are opened to even more unachieved opportunities. The more contact the Negro has with white people, the more he sees that he wants. He sees riots as an effective way of achieving what he wants.

This group of investigators found in Watts:

- Educated Negroes interviewed were more likely to be in favor of the riots than their less-educated fellows.
- This was not a riot by dropouts. Negro high school graduates and those with some college education were more active proportionately than Negroes with only a grade school or "some high school" education.
- Negroes in the good residential areas had a higher percentage of people who favored the riots than in any other residential groups.
- Forty-three per cent of the male Negroes interviewed believed the riots had helped the Negro cause. Only 23 per cent believed the riots had hurt.
- More than half the Negroes interviewed believed the riots had made white people more sympathetic to Negro problems. About a third believed the riots had caused no change in white attitude.
- The university men who led this Watts survey concluded: "The more fortunate members of the (Negro) community... have made social and economic gains, but along with their mobility have gone rising levels of expectation."
- "We have seen that the amount of social contact with whites increases with improvements in socioeconomic status. But we have also seen that discontent increases as social contact increases."
- "We would expect... continued contact with white persons by those Negroes who have made economic gains would serve to increase their impatience and frustration at not being able to enjoy the same freedom of movement and opportunity taken for granted by white persons."

BARBS

By PHIL PASTORET

Show us a man who sticks to his job for eight hours and we'll bet with you that he sat in some glue.

The firms which send junk mail to our house addressed to "occupant" are sure to find no one at home.

People who say the little things don't count haven't noticed how closely small fry keep tabs of the remaining cans of pop in the refrigerator.

Yes, Gwendolyn, you sure can get soaked in a football pool.

Power Pill Gun New Wonder For America

By DAVE BURGIN

SHELFON, Conn. (NEA) — Jack Schofield hopes that someday his blossoming young company can be identified with one of those slogans like General Electric's highly successful "Progress is our most important product."

Right now, however, a beautiful slogan would do perhaps more harm than good — if one can consider "too much" business harmful.

Schofield, young president of the USM Fastener Co., a division of United Shoe Machinery here, suddenly is in one of those rare industrial dilemmas of having developed something so revolutionary that his company is years ahead of the competition.

"It's the pill," Schofield says wryly. "We've developed a pill about

the size of an aspirin which is an instant and inexpensive source of energy for potentially a thousand different uses — everything from starting lawn mowers to shooting spear-fishing guns."

The Defense Department says it is interested in the pill — or "power cap" as USM Fastener engineers have dubbed it — for military application. NASA has approached USM Fastener because the pill means instant energy in space. With the grapevine spreading the word, industry is goggle-eyed.

"We developed it mainly for use in a fastening gun (Ammo products) we manufacture," Schofield said. "This tool shoots steel drive pins and threaded studs into concrete and steel, to hang piping and air conditioning ducts or to install window frames."

"We've had the pill about six months. Of course, we've known its potential all along. But we haven't publicized it because first we want to establish the pill with our fastening gun and second, to ballyhoo the pill right off would have brought industry down on us too soon."

The main problem in developing this form of caseless energy centered around ways to ignite the pill, using low energy and no primer — meaning a simple detonating device which minimized weight and action.

"The second big problem,"

Win At Bridge

by Jacoby & Son

'Doubtful Double' South's Undoing

whereupon West played ace and another club. East ruffed and shifted to a heart. South really should not have finessed but he did, and West was back in with the king. He led his last club for East to ruff.

East still had to make a trump and a heart so South was down three tricks for an 800-point loss. West's doubtful double had really paid off, but South had no one to blame for his misfortune. South should have doubled two diamonds.

This would have been for takeout but North would have passed anyway. West might have made two diamonds or he might not. Either way North and South would have been far happier.

Q—The bidding has been:

West North East South
1♣ 1♥ 1♠ 1♣
Pass 1♥ Pass 3♥
Pass 3♥ Pass 3NT
Pass 4♥ Pass 7

You, South, hold:
AK9♥ AJ5♦ AQ4♣ Q32
What do you do now?
A—Bid four hearts. Your partner is now showing a re-distributable club suit, and suggesting a possible slam. Your heart bid shows the ace.

TODAY'S QUESTION
Your partner continues to four spades. What do you do now?

Answer Tomorrow

Amvets Post 123 of Escanaba will be the sponsor of a Cub Scout pack. Russel H. Willyard will serve as cubmaster.

An organizational meeting will be held Wednesday at 7:30 p.m. in St. Patrick's School library. All boys 8 to 11 years of age and their parents wishing to join should attend. Cubmaster Willyard announced that a Webelos den will be started.

Gershenson Must Pay Wife \$1250

DETROIT (AP) — Wayne County Circuit Judge Charles S. Farmer ruled Monday that industrial developer Charles H. Gershenson must pay his estranged wife Doris, a songwriter, \$1,250 a month in temporary alimony. Mrs. Gershenson filed for divorce in May asking for \$5,400 a month. Gershenson offered to pay \$800.

VOTING

Earlier this summer, after a trip to Vietnam, I wrote a letter to the President, urging the use of American influence to obtain free and fair elections in Vietnam.

Wait Rostow, the President's top foreign affairs advisor in the White House, wrote in reply, "We cannot, as I am sure you recognize, expect from a young and politically undeveloped country that is at war a standard of political performance as high as our own. But we can and do expect that elemental standards of fair play will prevail in the political campaign. And we shall do everything possible to encourage that outcome."

I paid special attention to the recently-held elections, and I am satisfied that the net result was a definite plus for the South Vietnamese. Cries of "foul play" were heard, to be sure, but not one charge of fraud has yet been substantiated.

It could indicate that the seeds of a real democracy have been sown, and that the village-level South Vietnamese voter will begin to relate his own situation to the government in Saigon. And this may be the turning point in causing the South Vietnamese people to increase their participation in the war effort, rather than relinquish that responsibility to the growing number of Americans in their country.

Congressman

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

Election and installation of officers featured a meeting of the Escanaba Sons of the American Legion. Officers included: Bob Boyle, captain; Clayton Houle, first lieutenant; Dick Henderson, second lieutenant; Bill Miron, finance officer; John Houle, sergeant-at-arms; Bill Henderson, chaplain; and Carl Nelson, historian.

The Chicago and North Western Railway company appealed to schools to assist in the problem of eliminating dangerous practices at railroad crossings and on railroad problems, in a special assembly.

30 Years Ago

Johnnie Seymour made a clean sweep in the motorcycle races held at the fairgrounds on the opening day of the Northern Michigan Fair by taking first place in all of the four events staged.

After an existence of 25 years, the Meborgaren, a Swedish newspaper published here by O. V. Linden has suspended publication, due to lack of demand for the paper, and the rising price of newspaper supplies. The Meborgaren was the only Swedish paper in this vicinity.

Questions And Answers

Q—Which U. S. president received a Ph. D. degree from Johns Hopkins University?
A—Woodrow Wilson, who earned his doctorate in 1886 in the field of political science.

Q—What is the origin of the expression "done up brown"?
A—This comes from baking. When a loaf of bread or a batch of biscuits is "done up brown," it is complete, finished and ready to serve. So when a project is "done up brown," nothing more can be added to it.

Q—What is the origin of the expression "done up brown"?
A—This comes from baking. When a loaf of bread or a batch of biscuits is "done up brown," it is complete, finished and ready to serve. So when a project is "done up brown," nothing more can be added to it.

Dear Ann Landers: What do you think of an 80-year-old man who buried his wife 11 years ago, and is now going steady with a lady friend?

Gramps was always a person who saved his money. Suddenly he has taken to buying sports jackets and shoes with buckles instead of laces. He gets the best seats to the concerts and plays and he never misses a football or a basketball game. He didn't do any of these things 40 years ago when it would have made some sense.

I am a relative and am very concerned about his foolishness. How can we get it across to Gramps that he should be saving his money for his old age so in case he becomes ill and incapacitated he will not be a burden to his family? Thank you. — WORRIED FAMILY

Dear Family: Sorry, but I am not going to tell a man who is 80 to save money for his old age. It sounds as if Gramps is just beginning to get a kick out of life and I say hooray for him. If you want to do him a favor, make sure he has his supplemental Medicare paid up and tell him to enjoy himself.

Dear Ann Landers: When I was 13 I hated my mother. Almost all my girl friends were allowed to date, but I had to wait till I got into the 10th grade! I was humiliated and ashamed. I accused her of trying to keep me a baby all my life. We had some terrible arguments but I couldn't get her to budge.

I am 15 now and just had my third date. What happened last night made me realize that my mother was a lot smarter than I was and I thank the good Lord she didn't let me grind her down.

Rick was the dreamiest, smoothest talking guy I'd ever met in my whole life. It was supposed to be a double date but at the last minute we wound up alone. I'm sure he faked me out. Rick said he wanted to go to a movie but he was going to a movie to be a waste of time so he drove directly to a secluded spot off the main highway and we parked.

Rick handed me a line you could hang a two-weeks' wash on. He said I was the girl he had been looking for all his life — that I was wise beyond my years, yet so innocent and fresh. He wanted me to learn about life and love from HIM.

Dr. L. F. Hayes Is Blue Shield Vice-President

GRAND RAPIDS (AP) — Dr. Louis F. Hayes, general practitioner in Gaylord since 1957, has been named to the newly created post of vice-president of medical affairs. It was announced Monday by Michigan Blue Shield.

He will head Blue Shield's staff of physicians in areas affecting medical matters for Michigan residents served by medicare and medicaid. He will assume his new duties Jan. 1.

Dr. Hayes was elected to the board of directors of Blue Shield in 1962 and is vice speaker of the House of Delegates of the Michigan State Medical Society.

SCOUTS FROM BARK RIVER Troop 446, sponsored by the Salem Lutheran Church, cook a meal over a campfire at the Red Buck District camporee at Camp Cooks. Scoutmaster of the Troop is Richard Aaires. (Warren Danzer Photo)

Water Problems Plague Scouts At Fall Camporee

Red Buck District Boy Scouts and leaders had their fill of water problems over the week-end.

Arriving at Camp Cooks for the fall camporee Friday night, Scouts were advised that the camp well was not working and that all water for cooking and drinking would have to be purified by boiling or through use of water purification tablets.

Saturday morning, the Scouts were caught in a rainstorm shortly after leaving on a seven-mile hike, and Saturday afternoon several other boys got wet in a compass and measuring problem when a stream on the course proved difficult to

negotiate over a rope. About 175 Boy Scouts and leaders participated in the camporee. A total of 24 patrols from eight area troops were represented.

Warren Danzer, scout executive, said that while the boys hiked in the rain to Camp Seven Saturday morning, the leaders received training in 15 areas, including rope making.

Beaver Patrol Wins Top Honor

The Beaver Patrol of Troop 405, Soo Hill, took top honors at the Red Buck District Boy Scout Fall Camporee held at Camp Cooks this past weekend. The Beavers competed with patrols from throughout the district. The Hawk Patrol also came home with a Blue Ribbon and the Indians with a Red Ribbon.

Members of the Beaver Patrol attending were Robert Jennings, patrol leader, Bill Whitney, Jeff Kallio, Danny Johnson and Mike Cappear. Indian Patrol members camping were Joe Gelina, patrol leader, Kim Bushey, Mike Swanson and Rickey Gelina. Paul Swanson, patrol leader, Jack Thomma, Mark Jackson, Gary Bergeon and Roger Dieter represented the Hawk Patrol. Junior Leaders attending the camporee were Dan Bergeon, senior patrol leader and Alan Larson, assistant senior patrol leader. Also camping were Jay Jennings, scoutmaster and Clarence Gelina, assistant scoutmaster.

first aid, tenting, personal first aid and survival kits, measurement, plaster casting, etc.

The scout competitions included axmanship, silent signals and trail signs, fire making, and the compass and measurement test.

The camporee program also included a demonstration of Indian dances by Order of the Arrow members at Saturday night's campfire and religious services Sunday morning.

Troops participating with awards given to patrols were: Troop 466, Gladstone; Comet

Patrol, blue; Flying Eagle Patrol, red; Silver Stallion and Bat, yellow; Troop 446, Bark River; Stallion, blue; Flaming Arrow, red; Troop 408, Escanaba; Panther, blue; Cougar, red; Hawk, yellow; Troop 414, Escanaba; Flaming Arrow, red; Chief, yellow; Troop 407, Wells; Blackfoot, and Eagle, red; Flaming Arrow, yellow; Troop 473, Flat Rock; Flaming Arrow and Hawk, blue; Eagle, Raccoon and Panther, red; Troop 405, Soo Hill; Beaver and Hawk, blue; Indian, red; Troop 400, Manistique; Wolverine, blue; Moose, yellow.

Earl H. Aiken Taken By Death

Earl H. Aiken, 70, of Cornell died at the Wood's Veteran's Hospital in Milwaukee Monday afternoon. He was born June 1, 1897 in Escanaba and was employed as a turbine operator for the Mead Corporation of Groes, retiring in 1962.

Mr. Aiken was a member of the Cornell Lions Club, Escanaba River Post 115, American Legion and the Mead Corporation Electrical Union.

He is survived by his widow, the former Elvera Mattson of Cornell; one son, Joseph of Escanaba; one grandson, Robert South of Orlando, Fla.; one daughter, Mrs. Roy (Elsie) Christensen of Escanaba and 10 grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. Wednesday and funeral services will be conducted at 11 a.m. Thursday at the funeral home chapel with Rev. Karl Hammar officiating assisted by Rev. Robert Selberg. Burial will be in Holy Cross Cemetery.

Martz Infant Dies Monday At Manistique

Kevin W. Martz, two month old son of Mr. and Mrs. Calvin Martz of Rt. 1, Manistique died at Schoolcraft Memorial Hospital on Monday. He was born July 25, 1967 in Manistique.

Surviving besides his parents are his grandparents, Mr. and Mrs. Roland Heiden of Gulliver and Mrs. and Mrs. Annabelle Goodreau of Gulliver; his great grandparents, Mr. and Mrs. Kenneth Schnurer and Mr. and Mrs. Otto Johnson of Manistique.

Funeral services were conducted at 1 p.m. Tuesday at the Messier - Brodline Funeral Home with Rev. Ingmar Levu officiating. Burial was in Fairview Cemetery.

Driver Jailed At Menominee

Edward L. Raether, 49, of Foster City, was lodged in the Menominee County jail Monday after he pleaded guilty to a charge of drunk driving and failed to pay a fine assessed.

Raether was charged on a warrant obtained from the Menominee County prosecutor after a two-car accident Saturday night on County Rd. 569

E&LS Change Wouldn't Maroon Pulpwood Trade

Editorial suggestion that Hanna Mining Co. might make a private arrangement for docking of its iron ore which now moves from its Menominee Range mines over the Chicago & North Western Railway's dock in Escanaba, has caused some concern among pulpwood shippers.

They have asked the Escanaba & Lake Superior Railroad, which Hanna Mining Co. owns, if there is any danger of the line ceasing to serve public hauling needs because it might become an ore hauling road again?

The railroad has assured such persons that this is not in prospect, explaining that the line is a common carrier subject to regulation by the Interstate Commerce Commission and that it cannot change its public character to private operation without ICC authorization.

Cost Cut Sought

Hanna Mining Co. is looking for lower rail rates on its ore haul from the Menominee Range to the Port of Escanaba. Its big Groveland Mine plant at Randville in Dickinson County is now in a process of expansion which will sizeably increase its pelletized iron production next spring and this plant and Hanna's natural ore mines in the Iron River area farther west on the range

account for 40 per cent of the North Western Railway's ore tonnage in Escanaba.

Hanna Mining told the Escanaba City Council when it acted on municipal revenue bonding to help the North Western finance a proposed \$12.3 million ore terminal for Escanaba that its preliminary studies show that "we can build a dock in Escanaba and handle our own pellets at considerably less cost per ton than the rate" offered by the North Western.

Own Dock Site

Hanna has optioned a dock site in Wells from the Shepley Dimension & Lumber Co. It optioned the Escanaba & Lake Superior Railroad in 1951 and purchased it in July, 1962 and has operated it since as a general business, short haul common carrier railroad between Escanaba (Wells) and Channing, a distance of about 50 miles. At Channing the E&LS connects with the Milwaukee Road and at Escanaba it has interchange with the North Western.

While the E&LS doesn't haul ore now, it used to do so and since the North Western and the Milwaukee Road pooled their ore haul to Escanaba in 1935 the E&LS had kept its right to take ore traffic at any point on its line except Channing, which is served by the Milwaukee Road, a partner of

the North Western in the ore pool.

If the E&LS were to extend its trackage to Hanna's Groveland Mine it would require 12 to 13 miles of new line. It would have options for a route, with one from Ralph suggested by some discussions and with one from Turner seemingly more favored because of proximity.

The E&LS would not have to change its common carrier status to handle Hanna ore, which could be delivered at Wells to a Hanna dock for lake shipping if a dock were built there.

The E&LS gives the exclusive rail service to Escanaba's largest industries, Mead Corp., and Harnischfeger Corp., carrying their shipments to other roads. It also does the switching for Birds Eye Veneer Co. Its line through Cornet, Watson, Arnold, Northland, Ralph and to Channing is through a forested area that is a producer of substantial amounts of pulpwood.

Mrs. Geschel Dies On Monday

MANISTIQUE — Mrs. Mary Geschel, 89, of 229 N. Cedar St. died at 11:30 a.m. Monday at her home. She had been in failing health for several years.

She was born Aug. 7, 1878 in Austria and came to the United States in 1900 settling in Manistique and she had resided here since that time. The former Mary Moravec was married to Stephen Geschel in 1900 in Manistique. He died Aug. 17, 1925.

Mrs. Geschel was a member of St. Francis de Sales Church and the Croatian Fraternal Union of America.

Surviving are two daughters, Mrs. Carl (Rose) Graves of Manistique and Miss Mary Geschel of Lansing; one sister, Mrs. Anna Angel of Butte, Mont.

Friends may call at the Messier-Brodline Funeral Home after 4 p.m. Wednesday and liturgical prayers will be recited at 7 p.m. Funeral services will be conducted at 9 a.m. Thursday at St. Francis de Sales Church and burial will be in Lakeview Cemetery.

Salmon

On Aug. 23 sport fisherman Mike Welch of Chicago landed a 29½-inch, 13-pound, 12-ounce coho salmon while trolling with a fly rod and silver flatfish near the mouth of the Manistee River. His catch was the largest coho known taken by hook and line to date in Michigan, but recent netting surveys by the Conservation Department indicate there are bigger fish to be caught this fall. Department survey crews netting offshore from Manistique have hauled in some coho weighing in from six pounds to nearly 15.

KEVIN OSLUND, 10, of 517 S. 18th St., was one of the lucky fishermen to land Coho salmon off the mouth of the Big Huron River as the new game fish gather before spawning runs. Fishing from shore with spinning tackle, Kevin hooked the fish on his first cast. It measured 21 inches long and weighed about five pounds. (Daily Press Photo)

Salmon Fishing Hits Big Huron

HURON BAY — The Coho of the river until rough water forced most of the boats ashore.

John Scott, Baraga, district fisheries biologist for the Conservation Dept., said it was unusual for a party to have three or four fish. The salmon averaged about four pounds.

In addition, about 30 fishermen were casting from shore and most had one or two cohos apiece. Largest fish measured by Scott was 24.8 inches long and weighed five pounds, eight ounces.

Scott said he expected fishing to be excellent — and even to improve — during the next 10 days to two weeks.

New York Youth Named Nation's Star Dairymen

WATERLOO, Iowa (AP) — Jack Gibbons, a 19-year-old farm youth from Clymer, N.Y., was declared star dairy farmer of the year of the Future Farmers of America at the National Dairy Cattle Congress here Monday night.

Gibbons, son of Mr. and Mrs. James Gibbons, was one of 325 persons from 41 states competing for the \$250 first prize.

The farm youths each were graded on dairy herds they raised and received points for total income produced by their cows, expenses of raising the herd, net return for their money and production methods in operating the herd.

Three runners-up, who each received \$200, were Richard Cotta, 18, Los Banos, Calif.; Roger Bloss, 19, Swartz Creek, Mich.; and Taddy Scott, 18, Okega, Okla.

Cohos were first planted in the Big Huron a year ago last May. At that time, they averaged only five to seven inches long and were a year and a half old. A second planting of fish of the same size was made last spring.

The larger Cohos now being caught off the mouth of the Big Huron and elsewhere along the south shore of Lake Superior are now three years old and ready to spawn, after which they will die.

In New York City, the transportation of the mails is speeded by an underground pneumatic-tube system consisting of 27 miles of eight-inch tubes with a carrying capacity of approximately 200,000 pieces of mail per hour.

MAIL SPEED-UP

Warm that extra room with Gas Baseboard Heat.

Talk about cold. Talk about warm and cheerful. Talk about making an extra room into living room. Talk about low cost and operating economy. That's Gas Baseboard Heat.

There's never been such an easy and convenient way to solve a heating problem in a room where heating was a problem. No duct needed. No radiator unit taking up floor space. Just modern, attractive baseboard units to complement the room design and provide added living space that welcomes everyone with cheery warmth.

Maybe you want to take the breeze out of a breezy room in the winter, or maybe you've added a "free" room or enclosed porch, no matter. You can make it year 'round living room with Gas Baseboard Heat. And you'll be amazed at the economy. For every dollar you'd spend on a radiator unit, Gas costs only one dollar for Gas Baseboard Heat. Call us or him this week. The welcome will be warm. Gas makes the big difference... costs less too!

Safety Patrols Are Honored

Safety patrols were complimented for their work with young people, helping reduce accidents involving them, at a meeting Sunday afternoon in which Trooper Donald Martinson of the Michigan State Police was guest speaker.

Police equipment was exhibited and the officer answered questions on safety and state police training. More than 50 patrol members were present at the meeting, an annual event sponsored by the VFW in appreciation of the work of the patrols.

Major awards in games and contests went to Ann Quinn, Karen Johnson, Mary Osterhout, Terry Demars, Janet Peterson, Doug Allen and Tim Danke. Lunch was arranged by Mrs. Ralph Deloria, VFW Auxiliary president, and was served by Janet Peterson and Barbara Hentschell.

In Service

Cadet Pierre LaFollette, whose parents are Mr. and Mrs. Jess Gutierrez, 141 Arbutus Ave., Manistique, is one of more than 800 cadets who have started their sophomore years at the U.S. Air Force Academy, Colorado Springs, Colo. During the past summer, members of the class of 1970 completed an intensive six-week training program at the academy and armed forces installations across the country. LaFollette is a 1966 graduate of Manistique High School, where he was valedictorian of his class. He is a member of the Catholic cadet choir at the academy.

Briefly Told

Masons of Lakeside Lodge F & AM are requested to meet at Messier-Broullier Funeral Home for 8 p.m. memorial services Wednesday for Naibert Gerber.

THE PURPLE HEART has been awarded Pfc. Charles M. Cousineau, son of Mr. and Mrs. Mennen Cousineau, for wounds received in Vietnam, June 19. William W. Cox, commanding officer of the Army Medical Center in the Ryukyu Islands signed the award with the Secretary of the Army.

Fred Lockwood Dies In Crash

Mr. and Mrs. Ben Lockwood of Gulliver have received word that their son, Fred A. Lockwood, 49, of Anchorage, Alaska, and formerly of Gulliver, was killed with two companions when a plane he was piloting crashed and burned in the Wrangell Mountains last week. He was found by searchers Thursday, after being reported missing Sunday.

He was born in Rexton Sept. 20, 1918 and later moved to the

Four Accidents Are Reported

Three single car accidents and one 2-car accident were investigated by Manistique State Police on the weekend.

Kathleen Pierson, 20, of St. Paul, Minn., had minor injuries when her car went out of control on wet pavement on U.S. 2 in Mueller Township at 12:25 p.m. Saturday. Rita Walper, 25, of London, Ont., also had minor injuries when her car went off wet pavement and into a ditch on U.S. 2 at Thompson at 2:55 p.m. Saturday.

In another mishap, a car driven by Donald Fugere, 38, of 108 S. 2nd St., hit a deer on M94 in Inwood Township at 12:30 a.m. Sunday.

A car driven by Harold Edmonds, 46, of Major, Saskatchewan, hit the rear of a car driven by Doris Jarosac, 50, of Minnetonka, Minn., at 3:15 p.m. Sunday. The Jarosac car slowed for another ahead of it.

Hunstpur and Green School area. Prior to moving to Minneapolis in 1948, he was employed by Inland Lumber and Stone Co. In 1954 he went to Alaska and was a guide and outfitter for big game hunters. At the time of the accident he was piloting a father and son on a hunting expedition.

In World War II he served from 1941-46 with overseas duty in the Philippines.

Surviving are his wife, the former Juanita Pratt, and four step-sons; three brothers, Ben Jr. of Manistique, William of Minneapolis and Robert of Mason, Mich., and four sisters, Mrs. Clare (Violet) Freeland, Gulliver, Mrs. Don (Doris) Rubick, of Lansing, Mrs. Henry (Joan) Wells of Silver Spring, Colo., and Mrs. Robert (Sylvia) Snow, Lansing.

Military funeral services will be conducted today in Anchorage.

Ben Lockwood Jr. and William Lockwood flew to Anchorage Saturday to attend the services.

Church Events

First Baptist
An important planning meeting will be held Tuesday at 8 p.m. in the church. Silent prayer in the sanctuary is scheduled Wednesday from 7:30 to 9 p.m. The board of trustees meets in the church Thursday at 7:30 p.m. An all-day men's seminar for ministers and laymen is scheduled in the church Sept. 30. Observance of Holy Communion Oct. 1 at 11 a.m.

Zion Lutheran
The 8th grade confirmation class meets at 3:30 p.m., Sept. 26 in Augustana Hall. An adult education course begins Sept. 27 at 7:30 p.m. and will continue each Wednesday for a 6-week period. A course on Martin Luther will be offered as part of the observance of the 450th anniversary of the beginning of the Reformation.

City Briefs

State Agreement Eliminates Double Tax Withholding

LANSING (AP) — If you live in Michigan and work in Indiana — or live in Indiana and work in Michigan — you won't face the possibility of double income tax withholding under terms of an agreement announced Monday.

Clarence W. Lock, Michigan commissioner of revenue, said such a situation might have arisen in cases in which a resident of one state is employed in the other state. Both states, he said, could have required their income tax be withheld.

But under the agreement, Lock said, the state of residence is given priority.

For instance, if you live in Michigan and work in Indiana, your employer will not withhold Indiana taxes, but you will be liable to taxation by Michigan.

If your employer has business locations in each state, he will withhold Michigan taxes.

Michigan will grant similar reciprocity to Indiana residents working in Michigan, Lock said. Such employees will be required to file with their employer a certificate of nonresidence.

Lock said a similar agreement is being negotiated with Wisconsin.

Vietnamese To Study At NMU

MARQUETTE — Sixteen South Vietnamese educational supervisors will arrive here Monday, Oct. 2, to begin a six-week training program at Northern Michigan University.

Dr. Walter Holmlund, director of NMU's international relations program said the participants will receive training and experience in the field of educational administration with emphasis on effective use of textbooks, the community school, and the importance of supervision.

Longest continuous railway in the world is the trans-Siberian road which stretches 5,787 miles from Moscow to Vladivostok.

Dr. LeMire Article Cites Lap Seat Belt Injuries

Dr. John R. LeMire, Escanaba surgeon, is co-author of an article, "Intra-Abdominal Injuries Caused by Automobile Seat Belts," published in the current issue of the Journal of the American Medical Association.

Co-authors with Dr. LeMire are Drs. Daniel E. Earley and Chapin Hawley. The article was supplied to the Journal by the Department of Radiology, Christ Hospital, Cincinnati, where Dr. LeMire served a residency in surgery before setting up his own practice in surgery in Escanaba recently.

"Although automobile seat belts have greatly reduced mortality in car accidents, they may themselves be the cause of injuries, which can, on occasion be bizarre," the article states.

"By preventing individuals from being thrown against other objects, seat belts can minimize obvious trauma such as fractures. They may, however, by their snubbing or jerking or shearing action cause internal injuries which are not initially manifest, and which may only become apparent at some later time. Proper placement of seat belts decreases the chance of injury."

"Only 23 cases of inter-abdominal injury due to lap-type or chest harness automobile safety belts have been reported in the (medical) literature."

Garrett and Braunstein (The Seat Belt Syndrome, 1962) reviewed the medical records of 2,778 automobile accidents in which at least one occupant was wearing a seat belt — a total of 3,325 individuals and of these 944 were injured. One hundred and fifty occupants received some injury to the lower part of the torso; 26 of these injuries were considered serious. The only fatal injury was not related to use of a seat belt — both car and occupant were crushed in a collision with a bus.

"These authors concluded that under conditions of 'low severity' at which most accidents occur, the seat belt presents no

hazard. Under more severe accident conditions, the snubbing action of a lap seat belt in the pelvic area may cause injury. This usually depends on the speed of the vehicle, violent changes in direction and the type of accident. Only one patient in their series had injury requiring surgical intervention."

After review of cases Dr. LeMire and his colleagues commented: "Often intra-abdominal injury associated with wearing a safety belt is unsuspected or unrecognized when the patient is first seen after an automobile accident. The diagnosis may become apparent because of abdominal tenderness or pain, laceration, bruising or hematoma of the abdominal wall, or signs of peritoneal irritation . . ."

"The incomplete and inadequate protection afforded by the simple lap belt is made more obvious with each additional report of seat belt injury. It is felt that the injury (in a case cited of a woman with a large hernia in the abdominal wall) would have been much less if the patient had been wearing

the three-point combination lap and shoulder belt."

"In Case 2 (perforation of the small intestine) the shoulder strap component of the three-point belt would not have come into play, although it might well have prevented the belt's breaking, if the break occurred in the outboard component. This case illustrates the greater advantages of the full harness, that is, lap belt combined with double shoulder straps, such as is used by the Los Angeles Freeway Police with excellent efficiency and which is becoming increasingly popular in personal cars in Britain."

"ROCK OIL"

Petroleum is the correct name for oil, the word coming from the Latin meaning "rock oil." This name was given to it when, in ancient times, men saw petroleum oozing from the surface of the earth.

Kentucky's Cumberland National Forest has been renamed Daniel Boone National Forest by presidential proclamation.

Nahma

Allen Mercier Jr. of Benton Harbor spent the weekend at the home of his parents, Mr. and Mrs. Allen Mercier Sr.

Mrs. Alma DeVet of Garden is visiting at the home of her brother and sister-in-law, Mr. and Mrs. Wallace Bennett.

Mrs. Eva Foote of Manistique visited Mrs. Fred Olmsted for a few days.

Mrs. Phillip Fortin has been visiting the past two weeks at the home of her son and daughter-in-law, Mr. and Mrs. Jack Kelly of Pontiac.

Mrs. Peter LeClair is spending several days at the home of Mr. and Mrs. Runar Beck of Escanaba.

The Women's Club met at the clubhouse on Tuesday evening. After a short business meeting cards were played and prizes were awarded to Mrs. Fred Popour, Mrs. Allen Mercier, Mrs. D. J. Sly and Mrs. Harry DeRosier served lunch.

Mr. and Mrs. Jack Schrader of Green Bay visited Wednesday at the home of her aunt and uncle, Mr. and Mrs. Ed Sheedlo.

At one time, golf was the sport of kings; today it is played by an estimated 11 million people from Austria to Zambia.

Impala Sport Coupe

Distinctively new! Fastback or formal. Both '68 Chevrolet Impala coupes.

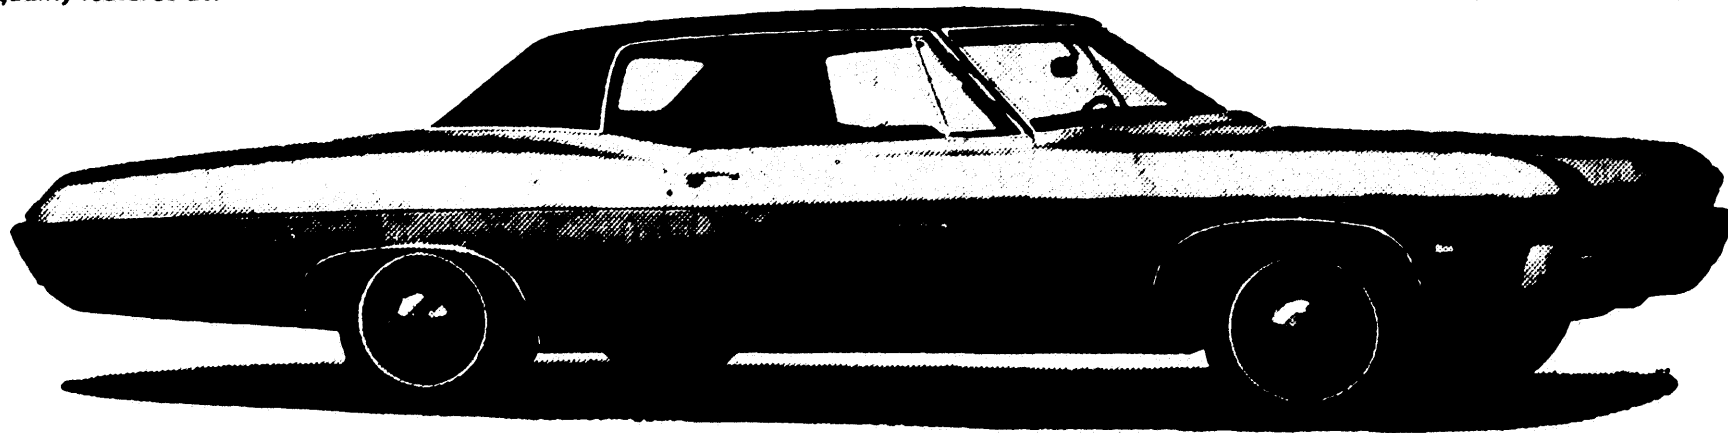

Mo two Impalas ever looked less alike. By design. Because no two Impala buyers ever think just alike. Some want the spirited, action-packed fastback look. Others prefer the poised and classic lines of our new Custom Coupe. How about you? Whichever style you choose, you'll wind up with such new 1968 quality features as:

Chevrolet's quietest ride
We made the ride still smoother with newly engineered springs and shocks. We utilized computers to place body and engine mounts at just the right spots to keep road vibrations away from you. Even our clocks tick to a quieter beat.

Better Performance
There's a new, bigger standard V8 and a new 250-hp version available that runs on regular fuel. And on most Impalas equipped with an automatic transmission, you get a special heater for the carburetor for better cold-weather performance. And with every engine, you get the new GM exhaust emission control.

Proved safety features
You get the proved GM-developed energy absorbing steering column, folding seat back latches, and new this year, energy absorbing front seat backs, new safety armrests, and many more.

More Than's New All Around
There are new Hide-A-Way windshield wipers, distinctive side marker lamps, recessed taillights, inside there's a new, rich look to the Impala interior trim, new vinyl fabrics, colors. Lever-type door handles are new, too. The Impala Coupes for 1968. They're worth looking at; they're worth looking into.

Impala Custom Coupe

Be smart! Be sure!
Buy now at your
Chevrolet dealer's.

Gladstone Denies Blocking Highway

GLADSTONE — The City Commission Monday denied fault in holding up the proposed four-lane highway project from Gladstone and Rapid River and strongly objected to unfavorable publicity the city has been receiving.

Meeting in regular session at the City Hall, the Commissioners said Gladstone has not delayed the project and expressed willingness to the Highway Dept. to cooperate on the project if exit and entry routes to Gladstone at the north city limits were made available to the motels and resort area.

Commissioner Frank Stupak said recent publicity on the project is "very unfair" to Gladstone and that Gladstone is not obstructing progress.

Three Issues Remain
Construction on the four-lane highway from Gladstone to Rapid River was originally scheduled to begin this year, but the Highway Dept. pushed the project back to 1970. The department said the delay was caused by rising construction costs, shorting construction allocations.

Recently, however, Edward W. Bailey, chief of the highway department planners, said that Gladstone holds the key to the project.

According to City Manager H. J. Henriksen, three issues remain to be solved before the Commission would give its OK to a resolution approving the project:

1. Inclusion in plans of an access system from the U. S. 2 and 41 freeway to serve the resort area at Gladstone's north edge; 2. creation of a parkway or rest area between the Soo Line overpass and the lake near the north part of the city's Industrial Park; and 3. provision of an access road to an area west of the Soo Line right of way and south of the highway which would be completely blocked off by the freeway construction.

Henriksen said the Highway Dept. is working on modifications in its plans to correct the problems in a mutually acceptable way.

Cable TV Discussed
In another discussion, Jack Bradshaw of Escanaba, regional

manager of American Cablevision, Inc., told the commission that it is not economically feasible to extend cable TV services to outlying areas of Gladstone at this time.

Residents of N. 15th St., the bluff and those near the Kipling area are unable to receive American Cablevision services, Bradshaw said. Attempts to extend service wherever possible are being made, but since the company is in the process of improving service to present customers, extension of cable lines to other areas is not possible now.

Bradshaw said the company is in the process of adding other channels to the cable and would continue to improve reception in the area.

Commissioner Stupak questioned the present cost to subscribers and asked if there is a possibility of reduction. Bradshaw said the present charge is about normal and that the only places receiving services at a lower rate were densely populated areas which include high-rise apartments, etc.

Bids Accepted
In other business, the Commission accepted the low bid of Hupy Insurance Agency for fleet insurance at a cost of \$1,271 and the Bero Implement Co. bid for a sickle bar for the tractor mower at a cost of \$660. The Bero bid was the only bid for the mower. One other insurance bid was received.

Curbing and blacktopping from 4th to 5th St. on Minnesota Ave., and Minnesota Ave. to Wisconsin Ave. on 5th St. will be placed on the work schedule. No objections were raised at the public hearing.

The Commission will again advertise for bids on a new police car. Previous bids apparently were withdrawn when models bid no longer were available because of Commission delays in final acceptance. New models are now being produced.

Mayor Raymond Norton will proclaim Oct. 7 as Walker Cislis Day in Gladstone. Cislis is chairman of the board of Detroit Edison Co. and will be honored throughout the Upper Peninsula.

The truck route ordinance was introduced and public hearing was set for Oct. 9. Objections to the yield right of way sign on 8th St. were raised and the matter will be referred to the police dept. The Commission recommended a stop sign.

Reuther, who rejoined the UAW's bargaining team at Ford headquarters today, said, "Maybe Mr. Ford does not know what is happening at the bargaining table and it might be a good idea if he came down here for a couple of days and set in, because obviously he is not being told or does not understand when he says we are not making an effort."

Reuther said the UAW "is doing everything it can to bring about good-faith, responsible bargaining."

Ford's bargaining team normally is headed by Malcolm Denise, vice president-labor relations.

Commenting on Chrysler's rollback of prices Monday, Reuther said, "It is quite obvious they were too high to begin with."

He said if Chrysler's original prices for 1968 models had been based on costs, the firm would have stuck with them regardless of what General Motors and Ford did. Chrysler's originally announced prices were higher than Ford's or GM's.

UAW and Chrysler negotiators also met today, the first time since Sept. 7 after midnight when the union's contracts expired at the Big Three and the union struck Ford.

Negotiations at the main table between General Motors and the UAW are recessed as staff members from both sides sit in on bargaining at the plant level to speed up local agreements which supplement national contracts.

The union, striking Ford for what it calls its "longest and most ambitious" list of demands, hopes to win an agreement that could be used as a pattern for contracts at GM and Chrysler.

Ford said Monday the strike "looks like it's going to be a long one."

possibility of reduction. Bradshaw said the present charge is about normal and that the only places receiving services at a lower rate were densely populated areas which include high-rise apartments, etc.

Ford said Monday the strike "looks like it's going to be a long one."

AIRMAN Dennis J. Johnson, son of Mr. and Mrs. Robert Johnson, 328 S. 13th St., Escanaba, has completed basic training at Lackland AFB, Tex. He is now assigned as a security policeman with a unit of the Strategic Air Command at Fairchild AFB, Wash. Johnson is a 1967 graduate of Holy Name High School.

N.Y. Teacher Dispute Stalls

NEW YORK (AP) — Near paralysis gripped the nation's largest public school system today with a teachers' strike into its third week. Negotiators remained deadlocked on key contract issues.

Both sides in the dispute were called to City Hall Monday by Mayor John V. Lindsay but an eight-hour bargaining session failed to produce the critical agreement.

More talks were scheduled today. Attendance at the city's 900 schools fell to only about 130,000 of the 1.1 million registered pupils — by far the smallest number since the strike by the AFL-CIO United Federation of Teachers began Sept. 11.

The first test flight involves rocketing the unmanned lunar module into earth orbit aboard a Saturn 1 booster to evaluate the lunar module's propulsion systems.

Meanwhile, NASA announced a one-day postponement in the start of a three-day launch demonstration test for the giant Saturn 5 rocket.

The test, now set to begin tonight, will determine when the maiden test flight of the rocket can be scheduled. The launching of the rocket, the world's most powerful, tentatively is set for late October.

Moon Ship Has Plumbing Leaks

CAPE KENNEDY, Fla. (AP) — A plumbing problem that refuses to go away has erased all hope of a launching this year of the first model of the craft built to carry American astronauts to the moon's surface.

The vehicle, called a lunar module, periodically develops tiny leaks in plumbing connections associated with the craft's two main engines—the descent engine, which is to slow the speed of the craft so it can land astronauts on the moon, and the ascent engine, which will propel astronauts back off the lunar surface.

Portions of the plumbing system have been sent back to the plant of the main contractor, Grumman Aircraft Engineering Corp., at Bethpage, N.Y. Some engineers believe the leaks are so tiny and so infrequent that the lunar module could successfully fly even with their presence.

The space agency, which has been extra cautious since the Apollo 1 fire killed three astronauts last January, is not so sure, however. Efforts to improve the situation are certain to delay the lunar module's first launching until 1968, sources said. Officially, it still is scheduled to blast off this December.

The first test flight involves rocketing the unmanned lunar module into earth orbit aboard a Saturn 1 booster to evaluate the lunar module's propulsion systems.

Meanwhile, NASA announced a one-day postponement in the start of a three-day launch demonstration test for the giant Saturn 5 rocket.

The test, now set to begin tonight, will determine when the maiden test flight of the rocket can be scheduled. The launching of the rocket, the world's most powerful, tentatively is set for late October.

Jackson Gripes Caused Guard To Halt Riot Tests

JACKSON (AP) — The commander of Michigan's National Guard said Monday he canceled a riot-control training exercise in Jackson because of opposition from the community.

Major Gen. Clarence Schnipke, adjutant general of the National Guard, said he called off the exercise, which had been set for Sunday, after receiving "all kinds of calls" and "two or three telegrams opposing the training we would accomplish would justify this irritated feeling," Schnipke said.

When the training exercise was called off, National Guard Lt. Col. Paul M. James first said the order came directly from the Pentagon.

But the Pentagon denied issuing such an order, and Schnipke said "it did not come from Washington in any way."

Briefly Told
Wives of Elks members interested in bowling in the Lady Elks Wednesday night league today were asked to call Mrs. John Baum at ST 6-7965.

Dale Gibson, 35, of Rapid River, paid a fine, costs and liquidated damages totaling \$37.50 Monday after he pleaded guilty Monday to a charge of killing a partridge during the closed season. He was arrested by Conservation officers Sunday in Masonville Township and arraigned Monday before Justice Ross Davis of Gladstone.

Teachers OK New Contract At Menominee

MENOMINEE — Three thousand public school students at Menominee will begin classes for the first time this year Wednesday.

Striking teachers of the school system ratified by a 95-0 vote today a compromise contract settlement hammered out Monday night in an all night bargaining session between the Board of Education and the Menominee Education Association.

The new contract calls for a base salary of \$5,500 for the first semester of the school year and \$5,700 for the second semester. The Board of Education had previously offered \$5,500 for the first and \$5,600 for the second. The teachers demanded \$5,600 for the first semester and \$5,700 for the second.

The contract also included the controversial "Board's rights" clause, but teachers dropped their demands that it also include a provision for binding arbitration.

Hearing Still On
An "unfair labor" practice hearing scheduled at 9 a.m. Wednesday in the Menominee County Court House is still going to be held. Teachers, however, have dropped eight of 10 charges against the Board, retaining only the two questions involving the "Board's rights" clause.

Market Posts Another Gain

NEW YORK (AP) — The stock market posted a moderate gain in active trading early Tuesday.

Prices had slipped a bit from their earlier levels.

The advance was a continuation of the surge that carried the Dow Jones Averages of 30 Industrials to a new 1967 high Monday.

The trading pace tapered off and the New York Stock Exchange ticker tape caught up after falling one minute behind in reporting floor transactions.

Gains among individual stocks topped losses by about 120 issues.

Du Pont advanced 3 points and Fairchild Camera and North American Rockwell were up about 2.

Analysts said the general news background to the market remained favorable and continued evidences of inflationary pressures are expected to keep portfolio managers equi-

Soviets Launch Cosmos No. 180

MOSCOW (AP) — The Soviet Union today launched No. 180 in its Cosmos series of unmanned earth satellites. It was the fifth one launched in the last two weeks.

As with previous Cosmos launches, an official announcement did not give its specific mission but said only that it will carry out space research while orbiting earth.

A flurry of Cosmos launches in the past has sometimes preceded manned flights. But any manned shots have been expected to await the outcome of a long investigation into last April's crash of Soyuz 1, which killed cosmonaut Vladimir M. Komarov.

Gill Net Ban Hurts Indians

BAY MILLS (AP) — The Michigan State Commission on Indian Affairs has adopted a resolution strongly protesting a proposed ban on the use of gill nets in commercial fishing.

The proposal is under consideration by the State Conservation Department.

In protesting the plan, the commission said Saturday that such a ban would place a serious hardship on many Indians whose principal income is derived from commercial fishing.

Highway Veteran Retires Oct. 1

LANSING (AP) — Mrs. Edith D. Navarre, payroll supervisor for the State Highway Department since 1943, will retire Oct. 1, the State Highway Commission said Monday. She also was a founding member of the state employees' credit union in 1952 and has been a director for the last eight years.

Teal Hunt Here Is State's Best

The recent special teal hunt in Little Bay de Noc, including famed Portage Marsh, was the most successful in Michigan, reports Joseph Vogt, district game biologist of the Conservation Department.

The season opened Sept. 15 and ran through the 23rd and as in the past two years of this experimental three year trial, Little Bay de Noc was the state's best. Hunting luck was even better in the bay this year than past.

It was also good, said Vogt on Saginaw Bay, at Point Mouillee (Detroit) and poorer on the St. Clair Flats, at Houghton Lake and on Munuscong Bay in the St. Mary's River in the U.P.

Conservation officers checked 86 hunters in the Portage Marsh here, and counted 136 teal shot, of 1.6 per hunter compared with the state average of .95. The bag was 61 per cent blue wing teal and 39 per cent green wing teal on Portage, about the same as last year.

Weather here was unseasonably warm until Sept. 20 and many teal and wood ducks moved south on the 21st and 22nd.

After the season, on Sept. 25, Vogt found the marsh "full of ducks," with some teal still about and with many ducks in from the north. Some hunters feared that the early special teal hunt would spoil the shooting in the regular season which opens at 11 a.m. Escanaba time

on Oct. 9, but Vogt said that results tend to disprove this fear.

A more serious threat to repetition of the special teal season, designed to give local hunters a chance at ducks which migrate early, is the 8 arrests on Portage, five of them for killing the wrong species of ducks in the special hunt. The department will evaluate the results of the three year experimental teal hunt and decide if there are to be any more. The hunters who jeopardized the experiment were mostly young, said Vogt, and not accompanied by adults.

FLYING FROGS
Certain parts of Africa and southern Asia have "flying frogs." Membranes between their toes, spread rigidly to give buoyancy, enable these rare amphibians to jump 50 feet.

Women's Activities

Ladies Events At Country Club

A special Wednesday event has been planned for the Women's Golf League of the Escanaba Country Club. Members will make up their own foursomes and sign up at the Pro Shop before playing.

Supper will be served at 6:30 p. m. and reservations are not necessary. Committee members for the day are Sally Fontaine, Rita Owen and Nicky Traverser.

Hermansville Hospital

Mrs. Reuben J. Marlow is a medical patient at St. Vincent Hospital, Green Bay.

Mr. and Mrs. Merrill Vincent were recent visitors in Green Bay.

Mr. and Mrs. Emil Torst are on a two week trip to Missouri, Ill., and Chicago.

Edward Arnold and Richard Whitens spent a week fishing in Northern Canada.

Girard Murray returned from Cloquet, Minn., where he attended the Minnesota Forestry Exposition, sponsored by the University of Minnesota Forestry Division.

Mr. and Mrs. Arthur Schultz and daughter, Mrs. Gerald Davis returned from a two weeks trip to the East Coast.

Lester Donovan of Green Bay called on friends here recently.

Mr. and Mrs. Elvis Raiche visited in Marquette.

Mrs. Victor Ayotte and Mrs. Merrill Vincent visited in Green Bay with their sister, Mrs. Dora Poquette who is a patient at St. Vincent's Hospital.

James Ayotte of Dearborn, a former resident, built a hunting lodge in the Vega area recently.

Holy Name Society

Fall Activities of the Holy Name Society of St. Mary's Church resumed Wednesday evening in the parish hall. The October meeting will feature films and a social hour will follow the meeting.

Events

TOPS Club
The Wait Watchers, TOPS Club will meet Wednesday at the VFW Hall. Weigh-in will be at 7:30 p. m. and a short business meeting will follow. All members are to bring attention for the white elephant sale.

MR. AND MRS. JOHN J. DuBORD, 411 S. 9th St., Escanaba, announce the engagement of their daughter, Carol Jean, to Gilbert Howard Bast II, son of Dr. and Mrs. Gilbert Bast of 1015 1st Ave. S. The wedding is being planned for Nov. 25. (Lee's Studio)

Galen Skinner To Speak At Church Of Christ

Galen E. Skinner, president of Minnesota Bible College will be the special speaker at the Lakeside Church of Christ during "Spiritual Renewal Week," Sept. 27-Oct. 1.

Skinner is a native of Onamia, Neb. and graduated from Minnesota Bible College in 1952. He is married and has three sons.

He has had an extensive and varied ministry and has specialized in establishing new congregations and bringing them to self-support. Congregations were established and buildings built or purchased under his leadership at Eau Claire and Milwaukee, Wis.

and Bloomington, Ill.

At present he is serving his second year as president of Minnesota Bible College, prior to this he served as vice-president for 14 months. Plans are being made for re-location of the school and the building of a new campus. Skinner is widely known and has spoken from coast to coast at national gatherings of Churches of Christ and Christian Churches.

Paul R. Stacy, minister of the Lakeside Church of Christ extends a cordial invitation to everyone to share in this "Spiritual Renewal Week."

Services begin Wednesday at 7:30 p. m. and continue through Friday. Skinner will speak at the Sunday morning service and will present his final message Sunday evening.

Buy and sell the classified way.

Washington PTA Meeting Held Last Week

The meeting of the Washington School PTA was held Tuesday, Sept. 18, with Mrs. Harold Neumann presiding.

Treasurer Mrs. LeDuc read the financial report and the budget for the year.

A PTA workshop is being held today at the Terrace and the Escanaba council meeting for Parents and Teachers was held Sept. 25 at the Webster School. Governor's Regional Traffic Safety conference will be held on Oct. 6 at the Escanaba Area High School at 9 a. m.

Room mothers elected were: Mrs. Virginia and Mrs. Esther Paparic, Kindergarten; Mrs. Audrey Lamberg, 2nd grade; Mrs. Montgomery, 3rd grade; Mrs. Stanley Harris, 4th grade; and Mrs. Shirley LaCrosse, 6th grade.

It was decided that PTA meetings would be held on the third Tuesday of each month.

Mrs. Neumann asked for volunteers for the Halloween Carnival and Mrs. Helen Cousineau accepted the position of chairman. Mrs. LeDuc announced that the new school will be ready in October.

Mrs. Lindstrom's fourth grade class won the room count.

Mrs. Niquette announced that a meeting on health concerning smoking would be held on Oct. 25 in Marquette and a temporary delegate was appointed.

Germfask

Mrs. Ida Fisher and son, Morrison, of Long Lake, Mich., visited her sister, Mrs. Ethel Lauer and other relatives here for several days.

Mr. and Mrs. Harold Newborn and daughter, Gayle, have moved back to their home here from their resort on Big Manitou Lake where they spent the summer.

Robert Burns returned to his home at Marquette where he attends Northern Michigan University. He had been visiting here at the home of his grandparents, Mr. and Mrs. James Burns.

Everett Anderson returned to his home from Ft. Campbell, Ky., where he was discharged from the Armed Forces after spending several months in Vietnam. He was wounded while serving there.

Rev. Nelson Trout

Rev. N. Trout Guest Speaker At Immanuel

Rev. Nelson W. Trout will speak at the Immanuel Lutheran Father and Son Banquet on Wednesday, Sept. 27. Rev. Trout was the associate youth director in Evangelism for the American Lutheran Church, headquartered in Minneapolis and previously served congregations in Los Angeles and Montgomery, Ala.

Rev. Trout is a graduate of Capital University where he received his A. B. degree and the Evangelical Theological Seminary, Columbus, Ohio. He also attended Wilberforce University, Zena, Ohio, and the University of Southern California, Los Angeles.

In his ministry he has shown particular interest in the evangelism field and is a favorite speaker for many youth groups.

This summer he was the speaker at the Bible camp attended by Immanuel's young people.

In addition to his ministry, he has been active in the military service. In 1960, he was promoted to captain in the Chaplain's Corps and at present holds a reserve commission in the Army.

Presently he is associate pastor of Grace Lutheran Church in Eau Claire, Wis., which is the third largest American Lutheran congregation with over 6,000 members. Next summer he will be a delegate to the World Council of Churches meeting in Uppsala, Sweden.

Also on the program Wednesday will be Dick Oslund and his "Balloon Circus." Tickets will be available at the door.

Births

ELLISOR — Mr. and Mrs. James Ellisor of 1322 N. 22nd St. are the parents of a daughter, Patricia Ann weighing 7 pounds born at 6:31 p. m. on Sept. 25. The mother is the former Janet Lamm.

MR. AND MRS. Lloyd Russell of 1220 Delta Ave., Gladstone announce the engagement of their daughter, Julie Ann, to Robert Richard Neumann, son of Mr. and Mrs. Vernon Neumann, Lake Shore Drive, Escanaba. The bride-elect is a 1967 graduate of Gladstone High School and is presently attending Bay de Noc Community College. Her fiancé is a 1965 graduate of Escanaba Area High School. No date has been set for the wedding.

ENTER THE 1967 "PICK THE WINNER"

FOOTBALL

CONTEST

YOU MAY
WIN CASH!

Each Week

\$10 First Prize

\$5 Second Prize

The individual advertisements on this page will contain the names of two football teams scheduled to play during the week. Read the ads carefully. Follow the simple rules of the contest. Entry blanks must be filled out correctly.

CONTEST RULES

1. This football contest is open to everyone except the employees of the Escanaba Daily Press and their families.
2. No contestant may submit more than one entry a week under his own or any other name.
3. List the winner you chose for each game on the numbered line corresponding to the number in the advertisement. Then write the name of the advertiser on the opposite line.
4. All entries must be completed by noon on the Friday of the week the games are played. They may be brought into the Press office or mailed. They must be in the Daily Press office not later than the time specified above. Address all entries to "Pick the Winner" Editor.
5. Tied scores must be so indicated on entry blank or they will be counted wrong.
6. Names of contest winners will be announced in the Daily Press on the Tuesday following the games.
7. In the event of a tie the entry with the first postmark will be judged the winner.

Gladstone Men's League Continues Wednesday Night

Dinner will be served for the men's twilight league Wednesday at the Gladstone Golf Club. It will not be necessary for members to bring their own steaks. Reservations should be made by tonight by calling GA 8-9646.

Plywood Stolen At Bridge Site

It isn't an easy task to simply carry off plywood sheets, but someone did it at the Whitefish River bridge construction site. State Police of the Gladstone Post said 24 sheets of three-quarter inch plywood, four feet by eight feet, were reported stolen Monday. The plywood is valued at about \$200. Troopers are investigating.

4-H Riding Club Elects Officers

The Circle 4-H Riding Club elected officers at their last meeting held at the First Lutheran Church Parish House. Patty Rivest will serve as president, Jacelyn Lindberg, vice president, Sandy Smith, secretary and Maria Anderson, treasurer.

A Hay Ride has been scheduled for Friday, Sept. 29, from the Rosow Riding Stable.

Briefly Told

A car stolen from Sadie Artley of Kipling last Friday was recovered Sunday by State Police about a half mile away. The car had been damaged slightly, officers said. Investigation is continuing.

Gary L. Sexton, 18 and **Roy D. LaCarte, 19**, both of Rte. 1, Cornell, both were arrested by Gladstone police and charged with being minors in possession of beer. The youths were freed to appear later in justice court. Sexton was given a traffic ticket for no proof of insurance.

Minneapolis Chapter 96, OES Officers Club will meet at 6:30 p. m. Tuesday. A pot-luck supper will be served. Auxiliary officers are invited.

A Car driven by Wallace M. Porath, Perkins, struck and killed a deer about 5:15 a.m. Monday on County Rd. 515 in Baldwin Township, State Police reported.

Lawrence Gervais, 409 S. 17th St., Escanaba, was ticketed by State Police Monday for no operator's license.

Yeoman Beams At No. 3 Spot

HOUSTON, Tex. (AP) — "I'm so happy for these kids and the school," a beaming Bill Yeoman, head coach of the University of Houston, said Monday. He had just been told his cougars are ranked No. 3 in The Associated Press college football poll.

The Cougars, unranked the week before, moved into the top 10 for the first time since the school started playing football 21 years ago.

Houston attained its lofty perch in the standings by smashing the then No. 3 team, Michigan State, 37-7, last weekend. Although some sportswriters had felt Houston would be no more than a breather for the Spartans, Michigan State actually suffered its worst defeat in 21 seasons.

A week earlier, Houston had whipped Florida State 33-13, causing Seminole coach Bill Peterson to comment, "You're going to find out Houston has a great team and we're not that bad."

Saturday, Florida State tied their second ranked Alabama, 37-37, apparently proving Peterson's point. "We got some good exposure to the press in the Michigan State game," said Yeoman, now in his sixth season as Cougar head man. "They believed what they saw."

Crusaders Win Cross Country Season Opener

Holy Name opened its cross country season with a 20 to 42 victory at Rapid River Monday. Members of the Crusader team and their order of finish were: Frank Kang, second; Richard Armstrong, third; Paul Guenette, fourth; Randy La-Crosse, fifth, and Tim Durkin, sixth.

Other members of the squad are: Dick Lundin, Steve Buckbee, Al Grabowski, John Baribeau, Steve Steinhausen, Terry Dufour, David Engman, Donald DeGrand, Dave Berndt and Tom Chouinard.

Klint Safford was the individual winner Monday in 10 minutes 44 seconds. Rounding out the top five finishers for the Rockets were Mike Rasmussen, Tom Safford, Dale Pasi and Dan Safford.

Detroit Flag Hopes Dim After Setback By Yanks

NEW YORK (AP) — Mayo Smith gambled and lost by using Earl Wilson, his 22-game winner, with two days rest and Al Downing turned the Detroit Tigers into pussy cats.

As a result of Monday night's 2-0 four-hit shutout by the New York Yankees, the Tigers are in desperate straits. With only five games to play they are 1½ games out of first place with three clubs ahead of them.

Manager Smith kept his cool in the hour of disaster and refused to give up while his Tigers sat glumly in front of their lockers.

"I know this," said Smith as though he had uncovered a new vital truth, "we've got to win at least five—the whole shooting match." If the Tigers win any more than five the commissioner's office will have to conduct an investigation.

"If we win Tuesday night," said Smith, "then we'll be going home for the rest and we play pretty good at home. That's a big one out there Tuesday night."

Smith said Wilson would certainly pitch at least one more game and maybe two. He said his pitching rotation was not set after Mickey Lolich faced the Yankees' Mel Stottlemyre in the series finale.

The Tigers are off Wednesday and then close out at home with four against California, a team that always has trouble at Tiger Stadium.

Wilson didn't have his real good stuff, said Smith, "but he stayed in there and battled. We still might be out there but, unfortunately, he walked Downing to start their two-run inning (the third)."

"Downing is a good pitcher. He's not as fast as he used to be but he changes speeds, has very good control and keeps the ball away from those right-handed hitters."

Against the right-handed Stottlemyre, the Tigers will use every left-handed batter available. Lenny Green will replace Willie Horton in left field and Jim Northrup will take over for Mickey Stanley in center.

Wilson sat for a long time in front of his locker, speaking so softly that reporters had to lean close to catch a phrase now and then.

"I didn't have my good stuff," he said, "but when you give up two runs you usually figure to win. You can't take anything away from Downing. He pitched a real good game."

"The difference between two days and three days rest is that you don't have that little extra when you reach back for it."

Would Wilson be willing to work again with only two days rest?

"I'll come back with one day rest if I have to. We just got to win the rest of them. We can't lose any more."

In the third inning, Wilson walked Downing and Horace Clarked bounced out, with Downing moving to second.

Then rookie Jerry Kenney singled to center, scoring the Yankees' first run. Mickey Mantle followed with a walk, and Joe Pepitone singled to right, scoring Kenney with the second run.

Downing, who won his 14th game, a career high, struck out six and walked two. He set down the first 11 batters in order before Al Kaline dropped a fourth inning single in front of Roy White in right field for Detroit's first hit.

A spectacular play by White saved Downing from trouble in the seventh after Freehan's hit. Don Wert lined a drive that seemed headed for the right center field alley but White dashed far to his right and made a sliding catch, robbing

Kaline singled again in the ninth and the only other Tiger hits were Freehan's one-out single in the seventh and Jim Price's pinch single in the eighth.

A spectacular play by White saved Downing from trouble in the seventh after Freehan's hit. Don Wert lined a drive that seemed headed for the right center field alley but White dashed far to his right and made a sliding catch, robbing

Detroit of a run and Wert of a possible triple.

WINNIPEG (AP) — The Winnipeg Blue Bombers of the Canadian Football League announced Monday the release of Marty Rosen from the University of South Carolina and the signing of Lou Confessori, a quarterback and defensive back who played on the taxi squad of the Washington Redskins last season.

TORONTO (AP) — The 59th Canadian Open Golf Tournament will be played June 20-23 next year at St. George's Golf and Country Club in Toronto, the Royal Canadian Golf Association announced Monday.

HAMILTON, Ont. (AP) — Sharron Washington, a recent cut by the Houston Oilers of the American Football League, checked in Monday to seek a backfield position with the Hamilton Tiger-Cats of the Canadian Football League.

The 6-foot, 190-pound Washington played split end and halfback at Northeast Missouri State.

California needed Merritt for a run in the first consecutive singles by Fregosi, Renard and Bobby Morton. Then Fregosi socked a two-run triple as the Angels scored three in the second.

Four straight singles by Fregosi, Renard, Mincher and Jimmie Hall helped build a

The Houston Astros turned the tables on Mauch and Farrell in the ninth inning Monday night with a two-out, two-run rally that carried them past the Phillies 4-3.

In the only other games on the National League schedule, Jim Hart's run-scoring single in the 10th against reliever Dick Selma, Tito Fuentes led off the a 2-1 nod over the New York Mets and Pittsburgh shaded Los Angeles 2-1 on Gene Alley's RBI single in the 11th.

Farrell, Philadelphia's top reliever, throttled the Astros for 2-2-3 innings, then struck out the first two hitters he faced in the ninth before Sonny Jackson reached him for a single.

Mauch, attempting to hold the fleet Jackson on first, then sent for strong-armed Clay Dalrymple behind the plate in place of O'Donoghue to recharge his battery. Mauch's manager life—sixth had accounted for Philadelphia's 3-2 edge.

Mauch, however, never was Farrell who needed help on the pitching end.

The Houston Astros turned the tables on Mauch and Farrell in the ninth inning Monday night with a two-out, two-run rally that carried them past the Phillies 4-3.

Farrell, Philadelphia's top reliever, throttled the Astros for 2-2-3 innings, then struck out the first two hitters he faced in the ninth before Sonny Jackson reached him for a single.

Big Ten Briefs

By The Associated Press

Northwestern — Placekicker Dick Emmertich, who missed the 12-7 victory over Miami because of an ankle injury, might be ready for the Missouri game. Tackle Bill Galler and end Roger Ward suffered minor injuries which will limit their practice sessions during the week.

Minnesota — The Gophers came out of their 13-12 victory over Utah in good shape with only flanker Hubie Bryant suffering a bruised shoulder.

Flanker Dick Peterson and guard Tom Fink, both of whom missed the opener, were back in action.

Michigan State — Defensive guard Tod Smith re injured his foot and might be out for the year. Defensive backs Drake Garrett and Jess Phillips were limping Monday and might not be able to play against Southern Cal.

Michigan — No injuries were reported in the 10-7 victory over Duke. The Wolverines concentrated on kicking as they began preparations for the California game.

Purdue — Four freshmen averaging 250 pounds will simulate Notre Dame's front line this week as the Boilermakers prepare to meet the nation's No. 1 team. It's an attempt to get Purdue ready for Irish size.

Indiana — Coach John Pont had the Hoosiers work on their running game. Only a few minor injuries were reported following the 12-10 victory against Kentucky. Indiana faces Kansas Saturday.

Illinois — Quarterback Bob Naylor suffered a concussion in the 14-0 loss to Florida and will be sidelined until Wednesday

With RAY CRANDALL

Escanaba's 47 point explosion at Kingsford Friday night was a shocker. Only three times in the previous decade had an Eskymo team scored that many points in a single game. It was the worst licking handed to any Kingsford team in 14 years. Coach Jerry Cvengros called off his point hungry varsity gridders after a 34-0 lead at halftime but that didn't stop the reserves from continuing to dominate the game.

Escanaba and Negaunee, two of the top contenders for U. P. championship honors this fall, haven't met on the gridiron since the 1946 season when the Eskymos scored a 33-0 victory. Escanaba whipped Negaunee teams six straight games when Esky was a member of the Great Lakes Conference, outscoring the Miners by a 221-33 margin. In the overall series between the teams, Escanaba won 19 and lost 2, the defeats coming in the 1918 and 1922 seasons.

Bob Brisco, Northern's freshman halfback from Holy Name, made the most of his first chance to carry the ball for the Wildcats this fall. Brisco rimmed off a 15 yard touchdown run against Bimidi Saturday but the play was wiped out by a penalty.

St. Ignace, highest scoring team in the Upper Peninsula, was knocked out of the undefeated ranks by downstate Petoskey, 19-6, by a pair of fourth quarter errors. The Saints trailed by a slim 7-6 margin before the Northern capitalized on a fumble recovery and a pass interception to score two touchdowns in the final five minutes of the game.

Freshman halfback Byron Lord scored two touchdowns and senior fullback Guss Lord was credited with a "great blocking performance" as the Stephenson Eagles whipped Marquette Bishop Baraga, 37-7, in a Land O Lakes Conference game. Mark Dougovito led Coach John LaPointe's Eagles with 105 yards in 18 carries.

Wakefield punched out three touchdowns in three and a half minutes in the fourth quarter to hand defending champion Ashland a 27-7 Michigan-Wisconsin Conference setback. Andy Honeisto ran one yard, Roger Norkoli passed 41 yards to John Francisco and Ken Drier slammed nine yards for the lightning-like TDs. Norkoli completed nine of 13 passes for 160 yards.

Quarterback Jeff Bettelwski passed for all three Bessemer touchdowns as the Speed Boys fashioned their fourth straight victory over Iron River, 19-12. He hit Pete Czarkowski with 35 and 39 yard TD passes and tossed a 14 yard payoff strike to Mark Borseth for the winning margin in the final period.

Hurley scored a major upset by tripping highly favored Ironwood, 6-0, in a Michigan-Wisconsin Conference battle. It marked the first Hurley victory over Ironwood since 1937 and gave the Midgets their first conference triumph in three years. Jack DaPra scored on a four yard run after Dennis Kostac had stunned the Red Devils with an 85 yard run from scrimmage. He was hauled down from behind by Joe Pertile on the Ironwood 10.

Football Clinic Slated For PPK

A special football clinic to help boys prepare for the Punt, Pass and Kick competition to be held next month will be conducted at the Escanaba Athletic Field Saturday, Sept. 30 at 9 a.m.

Members of the Escanaba Area High School coaching staff will give instructions in punting, passing and place kicking, the elements of football which determine PPK winners.

"I feel privileged to help in a program as worthwhile to our youth as Punt, Pass and Kick," Escanaba coach Jerry Cvengros said. "The clinic should go a long way toward putting all boys on an equal level for the competition. We'll explain the rules, show them the right way to get distance and accuracy in their punting, passing and kicking."

Cvengros feels that every boy who attends the clinic will benefit. "In fact," he said, "I hope that a lot of boys who haven't registered will come to the clinic. They'll see for themselves how easy PPK really is, and they'll still have time to register before the Oct. 6 deadline."

The Punt, Pass & Kick competition, now in its seventh year, is open without charge to boys 8 through 13. Local competitions in thousands of towns determine winners in each age group, with Zone, District, Area and Division contests following to produce the 12 top finalists for the National competition during halftime of the NFL Playoff game in Miami Jan. 7.

Here in the Escanaba area 18 trophies will be awarded — gold for first place, silver for second and bronze for third. Judging in the competition is based on distance and accuracy of participants.

Punt, Pass & Kick, sponsored nationally by the Ford Dealers of America and the National Football League, is sponsored in Escanaba by Northern Motor Co. and the Jaycees. Registration headquarters is at Northern Motors, 1419 Ludington. Boys must be accompanied by a parent or guardian when they register.

The competition will be held Oct. 7 at the EHS gridiron.

Just in time for fall clean-up! We will give you a jumbo capacity leaf bag FREE when you buy a 4-blade Jacobsen rotary. Six exciting models to choose from. All 4-blade rotaries feature —

- 4-blade cutting action
- fold-down handle

Esky Hosts Milwaukee Hilltoppers

Five Teams Chopped From Unbeaten List

Upper Peninsula high school football warfare produced a heavy casualty list in last week's rugged skirmishing with five previously unbeaten teams tasting defeat.

Knocked out of the elite ranks were Kingsford, Manistique, St. Ignace, Crystal Falls and Cedarville.

Still boasting perfect records are Negaunee, Escanaba, Iron Mountain, Bessemer, DeTour and Hancock. The ranks could be further thinned by a tough schedule this weekend.

Escanaba, fresh from an impressive 47-0 triumph over Kingsford, takes on a dangerous foe here Saturday. Invading the Eskymo gridiron for the first time in history will be Marquette University High School of Milwaukee, an annual power in Wisconsin Catholic prep ranks.

Coach Frank Kopenski's Hilltoppers have notched one victory in three starts this season, bowing last Saturday to Don Bosco, defending conference champion.

Kopenski, an All-State fullback at Iron River in 1947, has compiled an outstanding coaching record in 11 years at Milwaukee. His teams have won 67, lost 20 and tied 6, captured the Catholic Conference title four times, were rated the top Catholic team in the state twice. His Hilltoppers were undefeated in 1959 and 1963. His team's 4-4-1 record last season was the poorest in his coaching career.

Thursday's Results

Unscheduled developments

involving Houston, Michigan

State, Alabama and Miami of

Florida, among others, resulted

in a wholesale shifting of positions

from second to 10th in the latest

Associated Press college football

poll.

There could well be a scramble

from top to bottom next week.

That's because the No. 1 team,

Notre Dame, faces 10th-ranked

Purdue on the Boilermakers' field

while runnerup Southern California

tackles what appears to be an

unusually weak Michigan State

team this Saturday.

The Spartans plummeted

from 10th place all the way out

of the Top Ten after being

thrashed 37-7 by Houston. The

Cougars took over the No. 3 spot.

Alabama, tied 37-37 by Florida

State, dropped from second to

fourth place, Miami, upset by Northwestern 12-7, slipped out of the ratings. The Hurricanes were eighth a week ago.

Notre Dame, the 1966 national titleholder, maintained a solid lead in this week's pool of 41 sports writers and broadcasters on the AP's national panel. The Irish collected 31 votes for first place and 390 points on a basis of 10 points for a first-place vote, nine for second etc.

Southern California's 17-13 triumph over Texas resulted in the Trojans' advancing from fourth to second and the Longhorns dropping from fifth to eighth.

UCLA, a 40-6 winner over

Nebraska, although idle, zoomed from 10th to seventh.

Purdue replaced Miami in the

rankings after defeating Texas

A&M, 24-20 in its opening game.

In other games involving

teams in the first 10 this week-

end, Houston faces Wake Forest,

UCLA takes on Washington State,

Georgia meets Clemson, Nebraska

plays Minnesota, Texas faces

Texas Tech and Alabama plays

Southern Mississippi. Colorado is

not scheduled.

The Top Ten, with first place

votes in parentheses, see a season

records and points on a 10-9-8-

7-6-5-4-3-2-1 basis:

1. Notre Dame (31) 1-0 390

2. Southern Cal. (4) 2-0 340

3. Houston (6) 2-0 279

4. UCLA 2-0 275

5. Georgia 1-0 260

6. Colorado 2-0 118

7. Nebraska 1-0 79

8. Texas 0-1 76

9. Alabama 0-0 75

10. Purdue 1-0 70

Others receiving votes, listed

alphabetically: Army, Clemson,

Florida, Florida State, Georgia

State, Miami, Fla., Michigan

State, Minnesota, Missouri, Navy,

Northern Iowa, Oklahoma, Oklahoma

State, Oregon State, South Carolina,

Syracuse, Tennessee, Texas Tech,

West Virginia, Wyoming.

Warren McVea, Houston halfback, starts to his right

behind blocking by guard Rich Stotter (67) on his way to a

50 yard touchdown against Michigan State in the second

quarter of their game at East Lansing Saturday, No. 88 for

the Spartans is end Rich Saul. (AP Wirephoto)

Misread Clock, Excited Player Hurt Spartans

EAST LANSING (AP) — Raye lined the team up quickly for a quarterback sneak, but ran into the incoming Cavender and fell down.

It wouldn't have counted if Raye had crossed the goal line, Daugherty noted, because outgoing fullback Bob Apisa was still in bounds and offside in the end zone when the ball was snapped.

"That play deflated our team," Daugherty said. "It certainly changed the complexion of the game."

MSU's failure to score, he noted, meant that in the second half the Spartans had to abandon their ball-control strategy for a risky come-from-behind brand of football which failed.

"I think of the times we've run up that many points against other teams," Daugherty said. "Now I know how it feels, and it's not a very good feeling. When the shoe's on the other foot, it pinches."

Next Saturday's opponent is Southern California, undefeated this season after two games and ranked second in The Associated Press college football poll.

"The scouts say they're like Houston, only bigger and stronger and faster," shuddered Duffy. "This is probably the greatest Southern Cal team that I've seen, at least on the films."

"But we're fortunate to be playing a team like Southern Cal," he added. "We may not be ready for them physically, but I think if we were playing a team of mediocre ability, it wouldn't prove anything if we did win."

Nebraska, although idle, zoomed from 10th to seventh. Purdue replaced Miami in the rankings after defeating Texas A&M, 24-20 in its opening game.

In other games involving teams in the first 10 this week-end, Houston faces Wake Forest, UCLA takes on Washington State, Georgia meets Clemson, Nebraska plays Minnesota, Texas faces Texas Tech and Alabama plays Southern Mississippi. Colorado is not scheduled.

The Top Ten, with first place votes in parentheses, see a season records and points on a 10-9-8-7-6-5-4-3-2-1 basis:

1. Notre Dame (31) 1-0 390
2. Southern Cal. (4) 2-0 340
3. Houston (6) 2-0 279
4. UCLA 2-0 275
5. Georgia 1-0 260
6. Colorado 2-0 118
7. Nebraska 1-0 79
8. Texas 0-1 76
9. Alabama 0-0 75
10. Purdue 1-0 70

Here's the slate for the other unbeaten teams:

On Friday Hancock (3-0) goes to Ontonagon (2-1-1). Saturday Negaunee (4-0) invades Munising (1-3). Iron Mountain (4-0) is at Norway (2-2). Bessemer (4-0) hosts Stambaugh (2-2) and DeTour (4-0) is at Brimley.

In other area action the Holy Name Crusaders put their 2-2 record on the line at Menominee Saturday night in a tough Great Northern Conference assignment.

Gladstone faces a tough test at Manistique Friday night in Great Lakes Conference action.

In the Wolverine eight man league unbeaten Powers-Spalding hosts Pembine and Bark River invades Rock for Saturday games.
